Prepare To Speed Reopening Of GM Plants In Nation

DETROIT, March 14.—(INS)—Officials of General Motors Corp., and the United Automobile Workers, CIO, joined today in preparations for an early resumption in the manufacturing of new automobiles.

Top union officials were pushing plans for speedy ratification of the agreement which ended the 113-day-old strike by 175,000 GM employees yesterday. Corporation officials laid plans for reopening 94 strike-bound plants in 50 cities and 22 states as soon as possible.

The initial test of the new agreement, calling for wage increases of 18 1/2 cents an hour, will come tomorrow when it is presented to 200 delegates from striking locals who will convene in Detroit. The National UAW-CIO conference is expected to speedily approve the contract, sending it to locals for final approval.

To Vote Sunday

GM locals in the 94 plants throughout the country will begin voting Sunday on the agreement, which ended the costliest strike in the nation's history.

Neither corporation nor union would predict when volume production of new GM cars and other products could begin. Chief company negotiators and GM Vice President Harry W. Anderson said some workers may be recalled next week, but he warned that this will not mean immediate resumption of production.

Anderson pointed out that rank and file union members first must

PA NEW OBSERVES

Seven months ago today was V-J Day.

PA New is informed that the flock of pheasants being fed daily in a north hill backyard for some weeks past, has now reached a total of 25 birds.

PA New noticed one local motorist who was rushing the season in displaying his new 1946 license plate, Wednesday afternoon, in Pennsylvania, the new plates can not be displayed legally until Friday, March 15, which is tomorrow.

Many pedestrians are startled upon approaching Mill and Washington streets to hear the ringing of the bell that was recently installed on the traffic light there. Some, for a time, look around to see where the sound is emanating from.

According to one local freight handler, there should soon be no reason for anyone arriving at work with a dirty shirt. The freight man said he had helped unload a large shipment of washing machines, which ought to be appearing in local stores soon, and later in the homes of many, who had to resort to the trusty washboard during the war or have them done by a laundry.

A car parked on Mercer street, Wednesday afternoon, was displaying a 1946 Connecticut license. The plate evidently had been used in other years, as a steel tab was attached to the license, bearing the inscription, 1946.

Many local citizens, who began Wednesday, by wearing winter attire, were forced to discard much of it before returning to their homes in the afternoon. The sudden return of spring-like weather caused the sudden change.

PA New discovered the mecca for all kinds of birds, including sparrows, robins and pigeons, making his rounds, Wednesday afternoon. A feed store, near the east side railroad crossing, seemed to be attracting all the birds in town. The

Iran Situation Test Of Postwar World Relations

U. S. Officials Fight To Save
Crumbling International
Situation For Peace

RUSSIAN MOVES ARE DISTURBING

WASHINGTON, March 14.—(INS)—United States officials fought today to save a crumbling international situation in the interest of permanent world peace.

Immediate interest centers on Iran, where Russia was reported moving in fresh troops, armored equipment and cavalry for purposes not yet disclosed to the rest of the world.

Officials Silent

Officials lapsed into a period of studied silence after having announced that the state department has inquired of Moscow whether reports of its new moves in Iran were true and the reasons, therefore. But the great concern of the United States was only emphasized by this attitude.

It was no secret that Secretary of State James F. Byrnes twice conferred with President Truman during the day. Byrnes' face plainly expressed worry as he walked across the street from the state department to the White House, obviously pondering a situation for which the American foreign policy was not prepared.

Test Of Relations

Meanwhile, observers saw in the Iranian situation a test of postwar international relations. It appeared even more important than Munich, where Russian economic penetration has constituted a challenge to the "open door" policy to which the United States is committed.

In dealing with the problems some British observers saw the

Strike Settlements To Send Big Force Back To Jobs Soon

WASHINGTON, March 14.—(INS)—A back-to-work band spread across the nation today with the end of the grueling General Motors and General Electric strikes affecting nearly 300,000 workers.

Federal officials were jubilant over settlement of the bitterly-fought conflicts and foresaw that production, generally at the highest level in history, would rapidly climb to new peaks.

Hope For Coal Contract

Soft coal operators were hopeful that a new unanimous wage contract may be negotiated before April 1 without the occurrence of a paralyzing mine strike that would deal a new blow to reconversion.

Settlement of the 57-day General Electric walkout involving 100,000 workers was announced a few hours after GM and the CIO United Auto Workers came to an agreement ending their 113-day struggle. The Westinghouse strike also may be near its windup.

The GE strike ended when the

Russia Seeking Warm Water Port On Indian Ocean

PARIS, March 14.—(INS)—Soviet military moves in Iran were viewed in diplomatic circles today as preliminary to establishment of political control to assure Russia a warm-water port on the Indian ocean.

One of the most distinguished foreign diplomats in Paris declared: "This is a natural expression of Soviet policy which desires maritime outlets on both the Indian ocean and the Mediterranean. But they are not quite ready to go into Turkey."

The unofficial and more moderate view was that the Soviet moves were defensive rather than offensive in character.

Seek Concession

The Russians were believed resorting to a war of nerves not against the U. S. and Britain, but against Iranian Premier Ahmad Ghassemi in an attempt to force granting of the concessions demanded in Moscow.

These concessions were said to include oil exploitation rights, assurances of autonomy for Azerbaijan Province, and permission to maintain Soviet garrisons along the mountain passes leading to Iraq and the Mosul oilfields.

Since the Iranian consultative assembly has been dissolved and the premier rules alone, it was believed he could be forced to yield to Russian demands.

Thus, Russia could confront the U. S. and Britain with a fait accompli and forestall possible UNO action, since in that case Iran would make no complaint to the security council.

Bevin Reports Soviet Troops Still In Iran

Foreign Secretary Also Says
Stalin Assured No Ag-
gression Planned

RUSSIAN POLICY IS HARD TO UNDERSTAND

LONDON, March 14.—(INS)—Great Britain indirectly warned Moscow today that British troops may be sent back into Iran if Soviet forces are not taken out in accordance with promises and guarantees.

In a brief but eagerly awaited statement, Foreign Secretary Ernest Bevin revealed that Premier Marshal Joseph Stalin and the Soviet government had given "most categorical assurances" that no aggression against Iran was intended.

LONDON, March 14.—British Foreign Secretary Ernest Bevin told the House of Commons today that Soviet troops still are in Iran despite "most categorical assurances" from Premier Marshal Joseph Stalin and the Soviet government that no aggressive action against that nation will be taken.

Bevin had referred to assurances given by Soviet Russia in his recent visit when the security council of the United Nations organization approved bi-lateral negotiations between Moscow and Tehran for settlement of the Iranian dispute.

Agreement In Packard Strike

DETROIT, March 14.—(INS)—Another wage settlement on the labor front was announced today by Norman Matthews, east side UAW-CIO regional director, who said a tentative agreement has been reached in wage negotiations with the Packard Motor Car company.

Matthews said that the settlement provides tentatively for an 18-cent hourly wage increase for 10,000 production workers.

He added that negotiations are still under way and that the wage increase will be contingent upon the membership ratification of the rest of the contract. He did not disclose other contract changes.

REPORT ATTACK CHUNGKING, March 14.—(INS)—The Chinese Central News agency said today that French troops had attacked Chinese positions at Savannakhet, where the Mekong river forms the Siamese-Central India frontier. The dispatch, describing the attack as the second in eight days, said the French retreated in the face of stiff opposition.

5,000 Trees Ruined By Flames In Parks

Owen Fox, city forester, reported to Director of Parks Joseph Alexander today that fire of undetermined cause yesterday afternoon ruined about 5,000 young trees in both Cunningham and Gaston parks. Shenandoe fire department and the Scotch street department extinguished the flames.

March UNO Meeting In New York Faces Critical Situation

WASHINGTON, March 14.—(INS)—Sen. Walter F. George (D-Ga.) said today that the forthcoming United Nations meeting in New York may determine whether UNO is to be a success or the world is to "lapse again into power politics."

George, ranking Democrat on the Senate foreign relations committee and chairman of the finance committee, voiced serious concern over the trend of U. S.-Russian relations in recent weeks.

Concerning the UNO security council meeting scheduled now for March 15 in New York, George said:

Faces Vexing Problems

"It will be faced with some of the most vexing problems growing out of the war. The decisions reached then may determine whether the UNO is to become an effective instrument to preserve future peace of the world or whether we shall lapse into another period of power politics among nations."

A more optimistic stand was taken by Sen. Wayne Morse (R-Ore.), who urged in an interview that complaints against Russia be brought before the security council immediately. Morse said:

"I think there is no nation in the world that will go counter to recommendations of UNO. I believe that no nation—including Russia, Great Britain and the United States—would refuse to conform to world opinion when expressed by an overwhelming majority of UNO members."

Morse declared that the veto power held by the "big five" nations

WAR BRIDE WITH LARGEST FAMILY

Mrs. Flora Smith, wife of Arthur Smith of Greenville, N. C., arrives from England with her four youngsters to claim honors as the war bride with the largest family. Mrs. Smith's first husband fathered Barbara Chater, 6, and Richard Chater, 4, was killed in the war. Other children are Horace, 2, and William 9 months.

Testimony Of Herge Fails To Include Killing

Even Declares That "If I
Killed Jean Fatur, I
Didn't Know It"

"DON'T REMEMBER" IS CHIEF REFUGE

"If I killed Jean Fatur, so help me God I didn't know it. Why should I have killed her? She did more for me than my own mother ever did." Thus Irvin C. Herge, killer of Jean Fatur, brought to a close the hearing which has been going on in Lawrence county court room number one since Monday morning to determine the degree of his guilt. He had pleaded guilty to murder.

There were two Irvin C. Herge's on the stand. Irvin C. Herge who told the story of his life and his affair with Jean Fatur, and the Irvin C. Herge who parried the district attorney's questions with cunning and counter questions.

Sobs Several Times

On direct examination when he spoke almost uninterruptedly for 55 minutes he might have been reading lines from a Shakespearean drama. Pathos was in his voice and tremble that at times ended in a burst of tears.

His memory was remarkable for petty details as to what time he ate in Toledo, what time he took a bath one night, what his cell looked like, where he drove and how he made preparations. But on the subject of how Jean Fatur met her death, when he sufficed the body into the trunk of his car, why he didn't take her to a doctor or an undertaker, he took refuge in the stock line of criminals "I don't remember."

Again, referring to the day Jean Fatur died, October 17, he again took refuge in a court room heirloom, "everything went blank."

But on cross examination he suddenly changed. He was deliberate in his answers, he parried with District Attorney Leroy K. Donaldson, but finally under the merciless prodding of Mr. Donaldson as to how he killed her he flared up for a moment and said "until I get that blanket back that you have in your possession, you'll never know what happened to that girl." It was the only time he ever intimated there was any guilt attached to him despite his plea of guilty.

Little Questioning

Herge took the stand at 10:05 this morning and was asked only a few questions by his counsel, Attorney Edwin K. Logan. After a few questions Mr. Logan said, "Irvin I want you to tell the court the full story." From then on until 11:15 he continued on, twisting his hands, sobbing, now and then but showing an amazing memory for details that were not relevant to the charge of murder.

After describing some of his early history Herge said he first met Jean Fatur in 1943 when he was servicing a refrigerator in Wurttemberg Heights. He said they had few dates and that up until 1945 he saw her but seldom. Then he said after that we practically lived together.

He said Jean Fatur had provided him with money to defend himself

WASHINGTON, March 14.—(INS)—President Truman today sought an outstanding American business man who would win instant public approval for the post of Navy undersecretary which Edwin W. Pauley finally decided not to seek.

Pauley's withdrawal in the face of Senate opposition and political controversy which shook the Democratic party brought immediate speculation as to President Truman's next choice.

Friday Deadline On Income Taxes

Local Office Will Be Open
Until Midnight For Last
Minute Filers

With tomorrow, Friday, March 15, the last day for filing income tax returns, the local office of the Internal Revenue Department, Room 201 Post Office Building, will be open until midnight. Division Chief Glenn A. Funkhouser announced. The office opens at 8:30 a. m.

Taxpayers are cautioned not to wait until the last hour to file their returns and if they have worked and received wages from more than one employer, they should have the amounts tallied in order to assist in expediting the filing of their returns.

Business all this week has been brisk at the local office, with a great number of returns having been filed during the final week.

City Firemen Save Rural Home

Residence Of Dale Andrews At Mt.
Jackson Threatened By Blaze
Wednesday Evening

New Castle firemen were called to Mt. Jackson at 8 o'clock Wednesday evening, when fire which originated in the furnace room of the home of Dale Andrews threatened destruction of the residence, one of the finest homes in Mt. Jackson. Around \$700 damage was done by the blaze. Fire Chief James E. Thomas reported.

Bessmer firemen also responded to the call for assistance, and the blaze was finally brought under control after a splendid fight by the firemen.

At 7:15 p. m. firemen were called to the plant of the Standard Steel Spring company, when a blaze started in a paint spray booth. The fire was confined to the booth, but did damage of around \$500.

Grass fires occurred on Locust street at 6:15 p. m.; a tree was on fire at the Woolley home, 1707 Jackson avenue, at 5:22 p. m., and Seventh ward firemen were called to Orchard and North Liberty streets by a grass fire at 2:05 p. m.

Pennsy Division Head Is Promoted To New York Post

Paul W. Triplett Will Assume Su-
perintendent Job With New
York Division

Paul W. Triplett, superintendent of the Erie and Ashtabula division of the Pennsylvania railroad, with headquarters in this city, has been promoted to the position of superintendent of the New York division of the road, it was announced today.

Mr. Triplett came to New Castle as division chief April 1, 1943, after serving as superintendent at Cape Charles, Virginia. Prior to that he was division engineer with the Long Island railroad in New York.

Mr. Triplett will be succeeded here by Marion Streett, who has been holding the position of superintendent of the system. Both new appointments will become effective Saturday, March 15.

Where there's deadened weeds and rubbish, where the weeds are apt to grow, where there's marks of last year's garden that were covered up with snow, that's the place to start a working and if these keep up long, I'll be out there with the onions and the hoe a-going strong. Seeds are lying in the kitchen waiting for a chance to start; it won't be long till earth-stained garments will be thought to be right smart. For the weather keeps on warming, and there's this I have to say, onions now can be planted; weather's 60 today.

HOROLOGY

Horology is termed as the last word in scientific watch repairing. An Horologist is a scientist in no small way. To repair your watch right, one has to have a deep understanding of force and gravity.

I am not talking about just a watchmaker who has no scientific knowledge, who clumsily tries in an unskilled way to repair watches. But I am talking about such highly skilled men as the craftsmen who do the fine skillfully adjusted repairing on your watch at Time Service.

Remember, more watches are ruined by unskilled, so called watchmakers, than by the owners wearing them out. A skillfully repaired watch is a pleasure; an unskillfully repaired watch is a watch on the road to ruin.

If you have a new watch, don't trust it to unskilled workmen. Bring it in to us. If it's Swiss, we'll see to it that our Swiss watch expert gets it. If it's Elgin, our Elgin man will service it. If it's Hamilton, our Hamilton factory man will give it complete attention. If it's a chronograph, the chronograph man will do the job.

Where else can you find such service?

Memorial Service Next Sunday Honors Cpl. John A. Long

Central Christian Church To Remember Flier Who Died At Hiroshima Last August

Cpl. John A. Long, who was killed at Hiroshima on August 6, will be honored by a memorial service in his church, the Central Christian, Sunday morning at 10:45, with Rev. James N. Rainey, conducting the service.

Corporal Long was born at 1027 West Washington street February 3, 1918, and served in the Air Corps as a crew member aboard a B-29. He was taken prisoner by the Japanese when the plane came down near Japanese territory. The five members of the crew who were located at Hiroshima were killed, but three of the crew are back in the United States after being liberated by U. S. troops.

Corporal Long was the husband of Mrs. Louella Rigby Long of Rigby, New Castle R. D. 4, and the son of Mr. and Mrs. John Long of Castlewood. He is also survived by the following brothers and sisters: Mrs. Margaret Willets, New Castle R. D. 1; Mrs. Mary White, Ellwood City; Virginia Long of New Castle; Robert Long of the Ellwood-New Castle road, and June and Paul Long, at home.

The memorial service will be open to all friends of the serviceman.

What your RED CROSS Chapter does in NEW CASTLE

YOU KNOW what the Red Cross has done overseas in World War II. The World knows it. Another glorious page in the history of your Red Cross is being written.

Each of the 3,754 chapters in the nationwide Red Cross network... just as our local chapter... did its full share to make possible all the help and comfort given our fighting men. But that is only half the story. Here is what your Red Cross chapter is doing now and will be doing for years to come.

Home Nursing. The Red Cross teaches the fundamentals of home nursing to many citizens. They learn how to care for simple illnesses, under the doctor's direction.

Junior Red Cross. Boys and girls learn first aid, accident prevention, water safety, nutrition, and home nursing in order to become citizens of tomorrow.

Disaster Relief. In the United States last year, the Red Cross gave relief in 260 disasters. Experience has shown that no community is immune. Our local chapter has a disaster committee set up and ready to act at the initial warning of catastrophe... to provide emergency shelter, food, clothing, and medical care for the helpless victims... to save lives and relieve suffering. And after the first shock has worn away, comes the long job of rehabilitation.

Home Service. The Red Cross Home Service worker is a home town troubleshooter for the serviceman and his family. Our Red Cross chapter has Home Service workers available for duty day or night... trained, practical people, equipped to act in emergencies. The Red Cross two-way communication system reaches around the world, so that in a sense the serviceman is no further from his loved ones than our Red Cross chapter.

First Aid. A crash on the highway... a slashed wrist... severe shock without proper attention, all can produce serious results. Our chapter in cooperation with individuals and organizations maintains mobile first aid units and highway first aid stations manned by trained first aiders, who help care for the victims of traffic accidents until the doctor arrives. First aid, water safety, and accident prevention classes are conducted throughout the country.

THINK of the many thousands who look to our Red Cross for aid and comfort in lonely hours of desperate need. Think what its many services and safeguards can mean to our town... to you, and your loved ones. Then remember that your voluntary services, backed up by your contributions, make it possible for Red Cross to carry on in our community. Your individual gifts are its only source of income. Without you and your neighbors, there would be no Red Cross. Give to the Red Cross today.

YOUR Red Cross MUST CARRY ON...

THE PARENT PROBLEM

(Continued From Page Four)

pliment deservedly. On the other hand, a little praise judiciously directed, calls forth his best. By honest praise, he usually can be led to do what otherwise he would not do.

The successful parent and teacher of the junior and senior high school youth will keenly feel the need to rid herself of all mannerisms, all stereotyped gestures and expressions, even be able to laugh at her own frailties.

We parents or teachers reach a high plane in relation with these youths when we are able to smile and not feel disrespected when, in private, they should venture to tell us of some of the things in us that cause us to seem queer to other youths. No matter how frail and mean we may be at times, if these young folks are convinced that we are trying to improve and see ourselves as they see us, they warm up to us, they esteem us.

We parents, also, need to guard our table talk about the teacher. We need to try habitually to boost her and the school and put destructive criticism out of fashion in the home.

Hints On Etiquette

It is permissible for the small child who is just beginning to use a fork to be allowed to use a piece of bread or a cracker as a "pusher" to get the food on the fork. Do not allow him to use his finger for this purpose or you will have another bad table habit to correct later on.

Another objection to striking now is that all reasons for quitting will be used up by the time fish are biting.

The State Police Say:

Many small communities could eliminate pedestrian hazards by providing suitable walking space for their use. The pedestrian cannot be criticized too much for walking on the paved highway when mud and snow conditions make it impossible to walk elsewhere. In many instances the expenditure of a few dollars to provide a walk, or pavement, would eliminate a permanent hazard that has resulted in numerous pedestrian deaths.

With Argentina a free land and Russia a democracy, we'd better forget about words and look at facts for a while.

Newlyweds At Home
Mr. and Mrs. Robert M. Garrett have taken up residence in their newly furnished apartment at 23 Erie street, West Middlesex, following their marriage on March 8 in the Pulaski Presbyterian church.
Rev. E. J. Tant heard the exchange of vows and performed the single ring ceremony.
The bride, the former Miss Betty Carlin, daughter of Mr. and Mrs. Carlin, of West Middlesex, wore a pink and white striped suit with brown accessories and a corsage of gardenias and red roses. Miss Gladys Mae Jones, of Sharon, was maid of honor.
Ted Carlin was best man for his brother.
Mr. Garrett, a graduate of West Middlesex high school, is the son of Mr. and Mrs. B. F. Garrett, of Pulaski.

Mademoiselle Club
A delightful evening was spent by Mademoiselle club members, Wednesday evening, when they met with Mrs. Armond Ascone, 836 Morton street.
After business, cards were played, high score prizes going to Mrs. Betty Pezone and Mrs. Edna Pezone. Special guests were Mrs. Mary Ascone and Mrs. Anna Filleguzzi, and they received gifts from the hostess. They also assisted in serving a delicious lunch later in the evening, on a nicely arranged table.
Mrs. Edna Pezone, 519 East Linton street, is the next hostess.

Rose Avenue Bridge
Rose Avenue Bridge club met at the home of Mrs. Emerson J. Flansburg, Rose avenue, for two tables of bridge on Wednesday evening.
Prizes were awarded to Mrs. P. J. McCart, Mrs. Charles Douglas and Mrs. Ed Linton. Mrs. John Crovie was a special guest.
In serving lunch Mrs. Walter Hill assisted.
Next meeting will be March 27 at Mrs. Hill's home, Katherine street.

Matters Before School Board

Vocational Training Shows Large Increase In Enrollment

Vocational training and home economics are rapidly becoming a popular subject in the New Castle schools according to Superintendent Frank L. Burton. In a statement to the board of directors last night at the meeting held in the administration building in East street, Dr. Burton said 126 students want the training over and above the 175 now taking the subjects.

Of the 126, eighty want auto shop training, 28 machine shop and 18 electrical shop. The present facilities cannot accommodate the new applicants but it is expected some arrangement will be made later to accommodate them.

To Use Ball Field

The request of the American Legion for the use of the George Washington Junior High school athletic field for this summer was granted. The Legion asked for the use of it six nights per week. Dr. W. Fulton Jackson, a member of the board said he thought it was a good idea inasmuch as the Legion police the field and in former years has done a good job of it.

A delegation from the St. Mary's School Parent-Teachers Association appeared before the board and asked that the public school system provide a nurse for St. Mary's school. The request was referred to Solicitor Robert L. Wallace.

Solicitor Wallace informed the board that Dr. E. F. Henderson would not consider the \$16,000 offered by the board for his property adjoining the Senior High school and said that he would sell at nothing less than \$18,000.

Not Liable

Solicitor Wallace informed the board that it was not liable for accidents incurred by employees of the board and that there was no legal justification for the board taking out accident insurance. "The school system is a part of the state government" said he "and as such is not liable for accidents. Hence, it would be futile to pay insurance premiums."

A contract for not less than \$300 worth of electric lamp bulbs was awarded to Elliott and Waddington. All bids were the same.

Kirk-Hutton was awarded a con-

tract for 600 pounds of grass seed at 55 cents per pound.

The Wallace Therman Company of Newark, N. J., was awarded a contract for a new chlorinator for the George Washington Junior High school pool at a price of \$1190, less a refund of \$74.75 for parts of the present chlorinator. The board also authorized advertisements for a new chlorinator for the Benjamin Franklin Junior High school.

Fire insurance due May 1 will be allocated by the board. Where companies have been sold to agents, the insurance of the companies sold will be allocated to other agents with less than \$40,000.

BARBARA BENNETT NOW IN HOSPITAL

Barbara Bennett, former wife of singer Morton Downey, was in critical condition at City Hospital today from an overdose of sleeping tablets, police reported.

Miss Bennett, sister of Constance and Joan Bennett, was the widow of Addison Randall, cowboy film actor who was killed last July in Hollywood while making a movie. Police rushed to Miss Bennett's midtown Manhattan apartment after receiving an anonymous telephone call from a man who said she "had taken poison".

PROBE CHURCH BLAST

WASHINGTON, Pa., March 14.—(INS)—A coroner's jury investigating the furnace blast in the First Christian church which killed two and injured 46, today recommended that all churches and public buildings having similar heating devices be inspected at regular intervals.

The explosion, which killed Mrs. Martha Mollnauer and Mrs. Bessie B. Love, wife of the pastor, occurred February 22 during a father and son banquet.

Official Bungling Prevents Clothing Aiding Filipinos

MANILA, March 14.—(INS)—Clothing issued to threadbare Filipinos as gifts from American citizens will have to be stripped off their backs due to a sordid tale of red tape and official bungling. Official "buck passing" it was learned today, has resulted in the loss of more than \$85,000 worth

of clothing donated by Americans for the relief of needy Filipinos.

The clothing was issued by the Philippine War Relief committee, headed by Supreme Court Justice Frank E. Murphy, on whose board sits an adjutant general of the United States Army.

The committee collected money and purchased textiles, with members personally hand sewing garments patterned after Filipino clothes. Shipments earmarked for the commonwealth welfare department never reached them. A representative of the committee recently discovered the garments in an Army warehouse. He was told they were "lumped"

together with Army clothing supplies, and could only be turned over to the United States Credit corporation for sale to regular business firms.

WHISKEY RATIONING STAYS

HARRISBURG, March 14.—(INS)—The State Liquor Control Board said today an end to whiskey rationing in Pennsylvania was "not in sight."

In view of the grain conservation program, there will only be enough whiskey to support rationing, a spokesman said. Distillers have been operating below capacity for some time, he added. The current rationing period will end Saturday.

First Of Classes For Mothers-To-Be Is Well Attended

Promising a successful series of classes, a good-sized group was in attendance at the first of the classes in pre-natal and child care Wednesday afternoon in the State Clinic, 11½ East street.

Classes are sponsored by the State Nurses association for the benefit of expectant mothers. Similar classes will begin in Ellwood City

today. Wednesday's class was instructed by Miss Grace Ackerman. The course will last five weeks, meeting on Wednesday afternoons at 1:30.

The story in the Book of Revelations in the Bible is said to be the origin of birthstones. The order in which the 12 foundation stones of the Holy City were laid is supposed to have determined the order of the birthstones.

The discoverer of the serum, known as ACS, is a 64-year-old Ukrainian scientist. It took him 20 years to develop it and it will take him 86 more years to find out if he is right.

RESENTMENT TO

STALIN'S SPEECH

LONDON, March 14.—(INS)—Strongest resentment against Joseph Stalin's reply to Winston Churchill's speech appeared today to arise from the Russian leader's comparison of Churchill with Hitler.

Churchill's bitterest political enemies did not carry name calling to that length in last summer's general election. Many British observers believed Stalin presented a strong case until he launched his personal attack on the wartime premier.

ONE WORLD
Truly, the World of Medicine is ONE WORLD in which time, study and skill are devoted to the common good of all. Penicillin is the discovery of an Englishman. Research with sulfa drugs began in Germany. France gave Louis Pasteur to the world. Every land and every race is contributing to the advancement of medicine, and it is our duty as pharmacists to make the new drugs available to physicians through our Prescription Service.

WE'RE SITTING TIGHT ON PRICES

Costs have gone up on just about everything including the operation of a drug store, but the inflationary pressure running wild in the country today hasn't been able to throw us. We're sitting tight on prices. We're still selling most of your favorite nationally advertised health and beauty aids at pre-war prices — and many products are actually selling for less than they did in 1941.

NEWS OF MEN AND WOMEN IN U. S. SERVICE

The following New Castle sailors have secured their releases from the naval service at the Sampson, New York, base: Melvin G. Patton, MoMM 2-c, 907 Lorraine avenue; Leslie Wooley, Sp Q 3-c, 910 Temple avenue; David J. Minick, Seaman first class, 912 Maryland avenue; and Clarence E. DuPuy, GM 3-c, 1242 W. State street.

Edmund A. Fletcher, Seaman second class, 421 Summit avenue, and Thomas R. Gartley, EM 3-c, Route 7, both of Ellwood City, have been honorably discharged from Sampson, New York's naval base.

Mr. and Mrs. Ignazio Parente, of 16 Fern street, have received word from their son, John Parente, P O 3-c, stationed on Okinawa, stating that he had met Reggie Jannetti, son of Mr. and Mrs. Domenick Jannetti, 707 East Long avenue. Both were stationed on Okinawa, ten months, before they met and were surprised to see one another. Both, who expect to be home soon, sent greetings to their friends in New Castle.

Eugene G. Hoover, SoM 2-c, Edinburg, has received his honorable discharge from the Shoemaker, California center. Sailor Hoover was in the Pacific theater for 22 months and won the Asiatic-Pacific theater ribbon, the Philippines Liberation ribbon and the American theater ribbon.

Mr. and Mrs. R. W. Harris, 1808 Highland avenue, have received word that their son, Donald R. Harris, Seaman first class, has been promoted to coxswain. He has been stationed on the island of Guam for the past 11 months. He is in the Chaplain's office there.

Sgt. Roland Crisel, son of Mr. and Mrs. M. C. Crisel, 1023 Croton avenue, called his parents, stating that he had just arrived in New Jersey and would proceed to Fort Dix, where he would be granted his discharge. Sgt. Crisel, who has been serving in the ETO, stated also that he would arrive in New Castle Sunday or Monday.

Mr. and Mrs. John Pallarino, D. 7, received a telephone call from their son, Pfc. Nicholas C. Pallarino, that he has arrived in Camden, N. J., from overseas. Pfc. Pallarino, who has been in the service three years, stated that he would proceed to Fort Dix, N. J., where he would receive his discharge.

Mr. and Mrs. W. S. Collins, 411 Epworth street, have received a letter from their grandson, Ralph Day, S 1-c, who is located with the Seabees in California, stating that he would receive his discharge in June and that his furlough that he had expected to receive had been canceled.

Acute Shortage Of Physicians-Surgeons In Postwar World

PITTSBURGH, March 4.—(INS)—Postwar medicine is faced with an acute shortage of physicians and surgeons, and poor distribution of the few available, it was maintained in Pittsburgh today by Major Gen. George F. Lull.

Speaking before a sectional conference of the American College of Surgeons, Gen. Lull, associate general manager of the American Medical Association, declared that few of military physicians being released from service "want to return to the backwoods sections in pioneer traction."

He added that many of the returning doctors want more specialized training, and "most of them want to become surgeons."

As demobilization continues, both the army and navy will need increasing numbers of doctors and the veterans administration will require a vastly expanded medical staff, Gen. Lull explained.

WARN CONGRESS NATION REQUIRES STRONG FORCES

WASHINGTON, March 14.—(INS)—Three of the nation's highest ranking officials warned Congress Wednesday that the United States must maintain strong military forces during the present troubled world conditions.

The warning came from Secretary of State James F. Byrnes, Secretary of War Robert P. Patterson, and Gen. Dwight Eisenhower, Army chief of staff. They called for a peace time army of more than one million men.

At a closed session of the House Military Affairs committee, the three responsible officials presented a detailed picture of United States political and military requirements that will necessitate a continuation of the draft and the peace-time army of more than one million.

Patterson emphasized to the committee that the "overriding requirements" during the "occupation period" was "to present a strong military posture in a world which is still unsettled."

Two Firms To Make Plans For Building

City Officials Hope To Start New Building On Dana Plot This Year

W. G. Eckles company and the Thayer company, jointly, will prepare plans and specifications for the new city building which will be erected on the Dana plot, North Jefferson and Grant streets. It was reported erroneously that Eckles & Caruthers and the Thayer company would prepare the plans and specifications. It is hoped by city officials to be able to start the work yet this year. However, this depends upon the availability of material.

The new structure will front on North Jefferson street.

Let's Face the Facts About HOME BUILDING

In the confusion created about the shortage of homes in America, one point stands out clearly:

YOU CAN'T BUILD HOMES WITHOUT MATERIALS!

Lumber and building material dealers and contractors obviously have a vital interest in obtaining materials for home building.

They report, nevertheless, that such materials are not flowing through the yards that they have not been able to get them. Therefore, the Government's HH priorities offered to enable veterans and others to obtain homes, are simply home hunting licenses—for materials in quantity are not available.

As long as OPA continues its wartime control policy rather than a policy of adjustment to aid reconversion, it will neither be able to prevent an inflation or a deflation; it will only be able to prevent reconversion by discouraging production of needed home building items.

Here, for example, is an instance of OPA action that has resulted in increased production. After 6 months' delay, OPA granted a 4% to 10% price adjustment that allowed 125 of 400 closed brick and tile plants to reopen. This price adjustment allowed these plants and 400 others that had been operating, to hire needed labor. As a result, in the next quarter production rose 35%.

But in hardwood flooring, siding, plywood, millwork, and construction lumber, OPA clings to its wartime formulas. Instead, OPA follows the unrealistic policy of allowing premium prices to mills for producing lumber for such things as export to

foreign countries, and for items that were needed in wartime industry.

Today's question is not essentially one of price control—if there were plenty of homes, no price controls would be necessary. The important question is one of production and manpower.

So far, OPA and Government officialdom in general have contented themselves with controls, allocations and priority systems which at best can do nothing but juggle an insufficient supply of building material—and at worst, delay and retard production and the employment of manpower.

Homes will not be built in the United States unless the Building Industry builds them. Whether they are labeled "Public Housing" or "Private Homes", the same materials, the same labor, the same building industry will build them.

Production can be un-blocked by the removal or adjustment of OPA's wartime policies. But such a realistic approach cannot be attained as long as Government action is based on a philosophy of lack rather than a philosophy of abundant supply for peacetime prosperity.

The lumber dealers, builders and contractors stand ready to build or rebuild America. But it is up to the people to demand that the way be cleared for the production of materials for homes.

Any government program that does not FIRST remove the obstacles blocking production of materials will simply add additional difficulties to the problem facing the building industry.

Port Of Philadelphia Is Again Tied Up

PHILADELPHIA, March 14.—(INS)—Virtually all traffic in the port of Philadelphia, including record shipments of grain and coal for Europe, was paralyzed today by a tugboat strike called by the AFL.

United Harbor Workers, an affiliate of John L. Lewis' District 50, Forty-two tugs owned by eight companies lay in the harbor with 76 cargo ships which were unable to sail without the aid of the small craft.

Ever hear of the Golden Rule. Then why in thunder do you go out in public when you have a fever and know you will set off flu bugs?

Soviet Paper Charges Persia Forcing Clash

LONDON, March 14.—(INS)—The official Soviet newspaper Izvestia today charged surviving members of the "ruling clique of Persia" with attempting to force a clash between Russia and "some other great power" to further Iranian designs on Soviet territory.

The Izvestia article, reported by Reuter, said that after the first World War the Iranian government submitted a demand to the Paris peace conference for "about half the Caucasus and the whole of Azerbaijan".

The newspaper declared that "some of the inspirers of these aggressive plans still carry much influence in determining Persia's foreign policy, such as former premier (Abraham) Hakim".

"Naturally, these Persian top men are sufficiently intelligent to realize they cannot achieve such territorial ambitions with their own forces."

"In view of this, their policy consists of trying to make the Soviet Union clash with some other great power, hoping to secure their territorial claims in this way."

Report Meeting For Red Cross Campaign Is Set For Friday

Division chairmen of the Red Cross fund campaign will turn in the second official reports of the 1946 drive at a report meeting in the Red Cross chapter house at 4 o'clock Friday afternoon, according to Howard B. Cummings, chairman of the campaign.

Reports and also cash are beginning to come into the chapter house, although many of the contributions have not yet been reported to division heads.

The drive is to last throughout the month of March, but Chairman Cummings is hoping to reach the county's \$52,300 goal sooner. Funds raised in the campaign will be used for the maintenance of Red Cross service overseas in hospitals and in local chapters for the coming year.

TWO END LIVES

PITTSBURGH, March 14.—(INS)—The coroner's office today said certificates of suicide will be issued in the case of two Pittsburgh men who ended their lives yesterday—one by a sensational leap from a building and another by a self-inflicted bullet wound.

The coroner's office said Morris Katz, 74, leaped to his death from the fourth floor of a Pittsburgh building, narrowly missing several shoppers, while the body of Albert C. Klopfer, 69, was found with a bullet in the temple and a pistol clutched in his right hand.

The first known bird in the world was the archaeopteryx.

GOOD BROODER HOUSE PRO- MOTES CHICK COMFORT

Ample floor space, sound roof, and tight floor and walls to prevent drafts are some of the factors to incorporate in brooding house construction to provide satisfactory quarters for the young chicks.

Of equal importance are a workable ventilation system and enough light to enable the chicks to find feed and water easily. Pennsylvania Extension Circular 242 describes a practical colony brooder house which meets these requirements. Poultrymen may secure a copy of this circular free of charge from the Agricultural Extension Office, No. 206 Post Office Building, New Castle.

The colony-type brooder house best meets average flock requirements for brooding. It can be built light in weight for easy moving on range.

The town of Gloucester, Mass., was permanently settled about 1663, and a town charter was granted in 1642.

Asks For Death Rather Than Prison

LANCASTER, Pa., March 14.—(INS)—David H. Thomas, 43, of Columbia, convicted of a \$629 holdup February 11, was faced today with a seven to 14 year term in the Eastern penitentiary but he told Judge Joseph Wissler he preferred the electric chair. "I'd sooner die than go to prison,"

he shouted when the jurist imposed sentence in Lancaster county court. Thomas, who contended he had been "forced" into the holdup, was sentenced after Columbia Police Chief Eugene McManus testified that he had robbed John F. Cramer, an assistant theater manager in Columbia, in front of a night deposit vault.

WESTINGHOUSE STRIKE IS NOT AS YET SETTLED

NEW YORK, March 14.—(INS)—Settlement of the General Electric strike focused attention today on the equally long strike of 75,000 Westinghouse workers.

William M. Davis and Arthur S. Meyer, special representatives of Secretary of Labor Lewis B. Schwellenbach, were to meet today with Westinghouse officials in an effort to re-establish negotiations between the company and the CIO United Electrical Workers.

Hopes for an early settlement of the Westinghouse strike appeared dim, however.

Gwelyn A. Price, president of the Westinghouse corporation, said:

"Westinghouse wages are considerably above those of the General Electric. Thus the GE settlement doesn't change the picture very much for us."

He said the GE settlement will provide average hourly earnings of \$1.27 an hour. Asserting that the Westinghouse average is \$1.32, Price added:

"It is unreasonable in view of the great gap between wages of Westinghouse and others in the industry, to expect Westinghouse to settle on the same basis as those who have been paying lower wages."

Egypt is preparing for an extensive postwar building program.

Ex-Service Group Plans For Banquet

Returned Veterans Of Second U. P. Church Will Dine On Friday, March 22

*The ex-service group of the Second U. P. church has organized a service club with a seven-point program of activities arranged for the benefit of its members.

On Friday evening, March 22, a service club dinner will be served in the dining room of the church. Following the dinner, Dr. Elbertson, noted magician and hypnotist of Westminster college, will be the feature of the evening entertainment.

The event is open to wives, sweethearts and friends of the members. The general committee in charge of the dinner is Richard Hite, Richard Hill, Garvin Hanna, Harold Ramsey, Albert Quehl, Gerald Lemley, Sally Lemley, Elizabeth "Lingling" George, Watters, Robert McConnell and Charles Book.

BOMB DAMAGE

MADRID, March 14.—(INS)—Damage but no casualties resulted today from the explosion of a bomb in a Falangist headquarters in Madrid.

The bomb was placed on the windowsill of the district Falangist headquarters in the city's Chamber quarter.

Chinese Communists Preparing To Attack

CHUNGKING, March 14.—(INS)—The Chinese Central News Agency said today that thousands of Communist troops were preparing to attack positions held by Central government forces in the Manchurian Province of Jehol.

The agency said also that in the Chinese Province of Hupeh, Communist "murder gangs" had been organized to arrest or kill Chinese civil leaders and Central government officials.

Communists in Hupeh were said to be levying taxes on crops, clothing and matches at bayonet point.

Treason Charges Faced By Former Japanese Puppet

MANILA, March 14.—(INS)—Jose Laurel, former president of the Japanese puppet Filipino republic, was indicted by the Philippine people's court today on 130 counts of treason.

The charges against Laurel included the assertion he had placed the entire resources of the Philippines in the hands of the Japanese for prosecuting the war against the United States.

Also indicted was the puppet republic's ambassador to Japan, Jorge V. B. Vargas, and other top-flight members of the puppet cabinet.

The indictments were returned as the people's court swung into high gear in a drive to clear its docket before the March 16 deadline for indicting Japanese collaborators.

REPORT LEADER KILLED

LONDON, March 14.—(INS)—The Moscow radio today relayed reports from the Manchurian capital of Changchun that the president of the Chinese-Soviet Friendship society had been killed in Harbin.

The fanciest snowflakes are formed at relatively high temperatures.

Harris Reports People Pleased With New Meters

People like the new meters. They are working O.K., said Arthur Harris, service operator of new meters today.

"Have you received many complaints of coins jamming?" he was asked.

"No," Harris replied. However, he said he has made a few adjustments on several meters.

One hundred and five Miller multiple coin manual meters were installed in several uptown streets recently.

Parkers who only require a few minutes to transact business find it can now be done for one cent where formerly it cost them five cents or a trip to police headquarters to explain, providing they did not insert a nickel. The meters cannot be set as was possible with the old meters.

So far no collection has yet been made from new meters.

Says Westinghouse Pay Rate Already Higher Than GE Co.

PITTSBURGH, March 14.—(INS)—President Gwilym A. Price of Westinghouse Electric corporation today said that his company cannot be expected to settle wage agreements with CIO-United Electrical Workers on the same basis as General Electric company.

The electric company head pointed out General Electric employees with their 18 1/2 cent wage increase now receive an average of \$1.27 cents an hour, 4 cents less than Westinghouse workers. He added:

"The 18 1/2 cent wage increase granted the General Electric workers failed to bring them up to the average earnings of Westinghouse employees."

Before we reach any wage settlement Westinghouse must have assurance of peaceful and productive operations; assurance against strikes, work stoppage and slow-downs."

Revival Opens At East Side Church

Wednesday evening the first in a series of revival meetings opened in the First Pentecostal church, Pearson and Epsworth streets, with the Smith and Rogers evangelistic party conducting the services.

Known as the Gospel team, both members of the party participated in the musical portion of the program with their vocal duets.

During the first service the Smith girls quartet of Minneapolis were present, singing several request numbers, with their director and composer, Mrs. V. E. Smith, accompanying them at the piano.

Tonight, Rev. Smith announced that his subject will be "From Bethlehem to Meab." The sermon will be preceded by a spirited song service, led by Mr. Rogers of the party, with a number of duets by both members.

City Motorists In State Offenses

During the week ending March 1, four New Castle drivers lost their drivers' license in offenses on state highways, according to the latest figures from the Bureau of Highway Safety, Harrisburg.

Two men had their licenses revoked for intoxication, one for harem and one for speeding. There was one restoration to a local driver during the week.

State totals for the period show that the bureau withdrew the cards of 236 drivers. Of this number 59 were revoked and 177 suspended. Operating privileges were restored to 339 drivers.

County Firemen Entertain Ladies

Enjoyable Program Of Entertainment Takes Place In Connection With Monthly Meeting

Lawrence county firemen were hosts to their ladies and friends in connection with their monthly meeting in the Shenango township fire hall at East New Castle Wednesday evening.

There was a short business session presided over by C. B. Kingston of Ellwood City, president of the association, following which round and square dancing was entered with a good orchestra furnishing the music.

This was the first entertainment of its kind held by the association and was thoroughly enjoyed by all who attended. Lunch was served late in the evening by a committee composed of Ed Dean, Clair McConnell, Joseph Crabel, Wilbur White and Joseph H. Holzapfel.

The next meeting will be held in Ellwood City in April.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

No matter how many medicines you have tried tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

More Long Distance Paths For Your Voice

About two million miles of Long Distance telephone circuits will be added to the Bell System network during 1946. That just about equals the System's total Long Distance circuit mileage of twenty years ago.

Yet there still won't be enough Long Distance lines to put through all calls without delay. That's because the volume of calling is going up faster than lines can be built to handle it.

We're working hard to speed the day when all your calls will go through promptly. In the meantime, you can help by avoiding unnecessary calls.

'Deacon Dobson' Writes From Sunny South

(By JAMES P. CALDWELL)
ST. PETERSBURG, Fla., March 11.—New York Yankees and St. Louis Cardinals have been working out their rheumatism here preparatory to the opening of the baseball season. They have been practicing on separate fields, picking up nines from among their own players. These games have been free and drew big crowds.

The first game between the two clubs at which admission was charged took place last Saturday with the score 5 to 0 in favor of the Yankees. A series of 25 games is scheduled, and as admission will be \$2 box \$1.25 grandstand and 75 cents bleachers, a nice sum will be realized for training expenses. Attendance at the first game was 5,385. Opponents of the Yankees and Cardinals during the practice games will be Detroit, Cleveland, Red Sox, Dodgers and Cincinnati.

Stocking Casualty
Mr. and Mrs. Harold Good of New Castle looked out of their hotel window at daybreak, saw a nylon line that had been forming since 4 a. m. They got into the line, three blocks from the goal. For two solid hours they edged their way forward. Finally only two customers were between them and the stocking counter. Harold had his money out. Yes, you've guessed it. The couple ahead of them got the last pair of stockings. Too bad for Goods.

Anyway they had a nice time while here on a flying trip, including a few dips at the bathing beaches, and a night at the dog races. Last Wednesday they toured the cigar factories in Tampa with Mr. and Mrs. Joseph Reiber, also of New Castle. Last Friday they left over the Tamiami trail for Miami, thence up the east coast home.

Former Residents
Mr. and Mrs. A. R. Beckdol of Sharon arrived recently. Mrs. Beckdol was formerly Mrs. Pearl Dufford of Wallace avenue, New Castle. She is an expert green bench sitter, having acquired the art on former visits. Mr. Beckdol is a leading hardware merchant of Sharon.

Older New Castle residents will remember Mont Shilling, who used to be in the grocery business on East Washington street. He came to St. Petersburg in 1916. Mrs. Shilling, whose maiden name was Kahner, died about five years ago. Mr. Shilling has since remarried. He hopes to visit New Castle friends during the coming summer.

Rev. and Mrs. Harold McCurdy of Grove City are absorbing sunshine here. Rev. McCurdy is a former pastor of Epworth Methodist church in New Castle.

"Bill" Francis, Speaker
"Bill" Francis of New Castle was the principal speaker at St. David's day exercises held at the Concord hotel. His talk was interspersed with wit and humor, for which he is famous, and made a great hit. The newspapers carried most of his speech with complimentary remarks.

Rev. Andrew Magill, a former pastor of the Second U. P. church in New Castle, but now of Brooklyn, N. Y., told me of his most embarrassing experience while in New Castle. He was a young man, fresh from college, when he accepted the charge, and stopped at a local hotel. The proprietor had two daughters, who were full of mischief, and who were continually playing jokes on the minister.

One of his fads was to carry his handkerchief in the outside pocket of his coat, with a little portion hanging out. The handkerchief was apparently resting snugly in his pocket, as he ascended the pulpit on the particular Sunday in question. During his sermon he had occasion to use it, pulled it out, and almost fainted. It was a disaster. Of course the girls knew nothing about it.

Some folks like chicken and others turkey, but everybody likes ham. That's why Mr. and Mrs. Cain Fitch, former New Castle residents, roasted a 16-pound ham when they invited some New Castle friends to dinner. Guests were Samuel McCormick, father of Mrs. Fitch, Mr. and Mrs. Chester Reynolds, Dr. and Mrs. B. E. Sankey, Mr. and Mrs. C. C. Harry, James G. Clements, Elizabeth Huffman and Mr. and Mrs. "Woody" McGregor. "Woody" used to be a taxi magnate in New Castle, but now lives here.

The ham, which was brought to the table sizzling hot, was carved by Mr. Fitch, under the expert supervision of Dr. Sankey, who showed him how to separate the femur from the socket and the vertebra from the cervix. The feature of the dinner was the big chunks of ham served to the guests, all of whom ate so much ham that at the end of the meal they could only grunt.

Money In Dogs
Ninety days of racing here ended last week with a total pari-mutual betting record of \$7,737,350. Handle for the last day was \$234,408. The state's take is \$440,579. The dogs may be fooled by an electric rabbit, but you don't need even a rabbit to fool the public.

Speaking of dogs, hundreds of visitors bring their dogs with them when they come to Florida. They are usually the smaller breeds from wire haired terriers to Mexican flea hounds. Hotels and rooming houses don't cater to dogs, but some tolerate them. Guests who pay \$40 to \$60 a week for a room seem to feel that Fido has a right to sleep at the foot of the bed.

Many women, who park on the green benches, hold their dogs in their arms. Passersby often stop to kiss them—the dogs, I mean. You don't get smeared with lipstick when you kiss a dog.

Buys An Apartment
Mr. and Mrs. Chester Reynolds don't propose to run any chances of having to sleep in their automobile the next time they come to St. Petersburg. So Chester has bought a four-apartment house, with a cottage also on the same lot. They moved into one of the apartments last Saturday, in order to make some changes and repairs before leaving for home. It is understood that Chester's daughter, Esther, will come here to look after the property during the coming summer. The apartments are all nicely furnished.

Harry Quest, who has located at Lakeland, has come over to St. Petersburg for a month. Harry drove the New Castle police wagon when it was horse drawn. The horse patrol was an improvement over the wheelbarrow in which drunks used to be taken to the lockup. The writer has a vivid recollection of the late Officer Slatner, wheeling a drunk up Washington street, with a big crowd following.

Now the drunks ride in a motorized car with sleek footmen to help them out. This would seem to indicate that some of the addicts did their drinking too soon.

Big Tourist Season
The records today show that over 40,000 tourists have registered at the Chamber of Commerce during the present season. This is over 10,000 more than last season. There are probably several thousand who did not register. The green benches have had a heavy load to carry, and many romances have culminated in marriages. One of the most unusual romances of the season is in the making. A woman from New Jersey was looking in a jewelry store window at some diamond rings. A man whom she had never seen before, came along and also started to look. They got to talking about the rings. Finally the man said, "Select any ring you want and I will pay for it." She thought he was bluffing, and made a selection. Promptly he led her into the store and paid \$300 for a ring. Then they went out and talked it over on the green benches. The wedding date was fixed for March 28.

New Castle Visitors
Over 100 New Castle people have visited St. Petersburg during the present season. The latest arrivals are Mr. and Mrs. Howard Nunley, Mr. and Mrs. C. A. Stewart, Mr. and Mrs. Wilbur Mayberry, John L. Coover, and Mr. and Mrs. A. L. Whitacre. George Swisher, a former New Castle mail carrier, who has stayed here for three years, threatens to visit his friends in New Castle during the coming summer.

The curious phenomena of orange blossoms and fruit on orange trees at the same time, is seen here now. The trees don't believe in losing any time getting ready for next year's crop.

Building operations are at a standstill here for the reason that the contractors can't get nails. More than 100 houses are tied up in various stages of construction. Most of the houses now being built are of stucco on a cement block base. Lumber is scarce, particularly sheathing, siding and flooring. No government projects are needed here. Contractors stand ready to build hundreds of houses when they can get the materials. A local paper published a picture last week of two chicken roosts that had been fixed up for tourists. One rented for \$5 per week and the other \$10. No improvements in either.

Deacon Dobson
I'm just gettin' over an attack of surprise that pretty near blew me clear up to 'b' skies. It was some of my scribbling in booklets quite fine, with the words, "Deacon Dobson" out where they would shine. They were culled from a scrapbook by my son, William J., who, while I am loafing, stays at home and makes hay. In preface he tells of the town of my birth, of my early efforts while parked here on earth, of my life in the shadows, likewise in the sun right down to the time when I've reached eighty-one. The books were a present my birthday to mark, and they sure made me feel like a kid on a lark. The "News" told the story, right on the front page, quite cleverly written by wizard or sage. And old Deacon Dobson felt young once "again," and reached for his blotter, ink bottle and pen, and wrote these few lines, which I now "will" to you, that's all for the present. I bid you, "Adieu!"

Young actors must be taught how to talk. If the rest of us could hear ourselves as others do, we wouldn't believe it.

Cracks Down On Divorce Seekers

PITTSBURGH, March 14.—(NS)—County Pleas Court Judge James L. O'Toole today decided to crack down on divorce seekers.

The judge reported recent cases have been following such a pattern that "there must be suspicion of collusion," and ordered attorneys to prepare their case fully before presenting them to him.

In refusing a divorce to one woman who claimed her husband drank, Judge O'Toole said: "I see no indignities here."

Ready Supplies For Atomic Bomb Test Task Force

Rations And Supplies For 35,000
Men Are Being Assembled
For Joint Force

WASHINGTON, March 14—(INS)—The Army-Navy Task Force No. 1 disclosed today that rations and supplies for 35,000 men are being readied by a corps of army and navy personnel for the forthcoming atomic bomb tests.

The logistic support of "operation crossroads," which is under the supervision of Brig. Gen. D. H. Blakelock, assistant chief of staff for logistics, compares in size and detail to that of an amphibious invasion. Gen. Blakelock's problem will be to supply thousands of pounds of flour, meat, vegetables, fruit, butter, eggs and a variety of foodstuffs for the joint task force. Some 70,000 candy bars and 30,000 packages of cigarettes also will be supplied the men.

In addition, Gen. Blakelock's logistic staff will be responsible for special supplies to the atomic bomb project, known as the "Manhattan District," for ship maintenance, army ground equipment and aviation logistics. Some idea of the daily provisions which will be required for the 35,000 men can be seen from a list of rations, based on military standard issue in pounds: meat, 33,000; vegetables, 74,000; fruit, 32,000; coffee, 3,500; milk, 7,500; butter, 3,000 and sugar, 11,000. While the ships are in the vicinity of the Bikini lagoon, island liberty will be granted for about 15,000 men daily. Large quantities of sports and recreational equipment will be available for the men, along with beer, candy and ice cream.

May Place Actor Upon Probation

BEVERLY HILLS, Calif., March 14.—(INS)—Probation for Arty Lawrence Tierney, who played the title role in the film, "Dillinger," was under consideration today following his plea of guilty to a drunk charge. A decision on his probation application will be made on March 26.

The actor was arrested in a night club last Saturday night following a heated dispute with William Kent, stepson of the owner of the Mocambo Cafe.

Jap War Criminal List Is Completed

Await Arrival In Tokyo Of All
Prosecutors Representing
Nine Nations

TOKYO, March 14.—(INS)—An allied spokesman said today that indictments against Japan's top war crimes suspects are ready but publication will be withheld pending arrival of all prosecutors representing the nine nations on the international tribunal.

The spokesman said it had been planned to announce the contents of the indictments by March 15 but that they would be delayed for at least a week after that date. It was said that the indictments against Hideki Tojo and other Japanese bigwigs must be held for "advice and review" of prosecutors who have not yet arrived in Tokyo.

Valentine Plans New York Police System In Tokyo

TOKYO, March 14.—(INS)—Leah J. Valentine, retired New York City police commissioner, said today that he intends to pattern Japan's policemen after New York's "finest" and make them "public friends" number one instead of public enemies.

Valentine who arrived in Tokyo last Monday said he intends to stay in the Orient 60 to 90 days in order to make a thorough study of police systems in Japan and Korea. The former New York official will make recommendations to General MacArthur on the question of reorganizing Japan's police system which in past years was used as a means of keeping the people in subjection rather than as a means of protecting them.

Valentine said he thought the main problems now facing the Japanese police system were concerned with finances and manpower.

He cited needed improvements such as faster communications including use of radio squad cars, better street lighting, increased patrolling, salary increases to attract better personnel, and new uniforms to replace the old garb which the people long ago learned to fear.

Police Chief Says Pedestrians Listen To Traffic Bell

Traffic bell at Mill and Washington street is proving a good aid to traffic, according to Police Chief Robert D. Hanna who reported he has stood for periods on different days, since the bell was installed to see the movement of traffic.

"The bell is not sufficiently loud to annoy yet it is loud enough to be heard and whenever it sounds people glance up at the light and if it is green they start," he said.

The chief of police said it is an aid especially to foot traffic and day by day fewer people cross the intersections without awaiting the bell then glancing at the light.

The bell now rings from 8 a. m. until 9 p. m. every day excepting Sunday.

NEW ROAD MAP TO BE PRINTED

HARRISBURG, March 14.—The Pennsylvania Department of Highways has NOT issued a new road map this year to date but plans are underway to print and distribute a 1946 official Pennsylvania road map sometime during the late spring. Secretary of Highways John U. Shroyer announced today.

This statement was forthcoming from the secretary due to a misunderstanding about the new road and pictorial map released for distribution recently by the Pennsylvania Department of Commerce.

"The base of the Department of Commerce map was brought up to date by the Pennsylvania Department of Highways and is the copyright property of this department," the secretary stated in an effort to clarify the matter to the general public.

Shroyer said all requests for the road and pictorial map should be directed to the Pennsylvania Department of Commerce and that as soon as official Pennsylvania road map of 1946 is ready for distribution to the public, a state-wide announcement to this effect will be made.

Government Of Iran Astounded By Soviet Moves

Iranian Ambassador To United States Sums Up Situation For Americans

By HUSSEIN ALA
Iranian Ambassador To The United States
(Written Expressly for International News Service)

WASHINGTON, March 14.—The situation has gone from bad to worse and there have been dramatic events which have astounded the Iranian government as much as those of its two Allies, the United States and Great Britain, both signatories of the declaration of Tehran, Dec. 1, 1943.

We now know what the Soviet government meant by the "clarification" of the situation. The mask has been cast aside and it's authoritatively stated that fresh Soviet forces, under the command of Gen. Bagramian, an Armenian tank expert, with full war equipment including tanks, armored cars and heavy artillery, have been brought to Persia and sent in two directions toward the western border of Iran and Karadji, about 20 miles west of Teheran.

I have no news from my government, probably because the prime minister has only recently returned from Moscow where he does not seem to have had much success in the direct negotiations prescribed by the security council in London.

Did Not Accede
Mr. Qavam (the prime minister) apparently did not accede to the demands made by his hosts regarding an oil concession and the recognition of the so-called autonomous government of Azerbaijan.

On the other hand, Messrs. Stalin and Molotov do not seem to have agreed to the prime minister's requests for the complete evacuation of Persian soil by the Red army and now, interference in our internal affairs. Mr. Qavam protested against the continued presence of Soviet troops in Iran after the deadline of March 2.

The position now is that the Soviet government has deliberately broken its pledged truth and solemn pledge to withdraw from Iran at latest six months after the end of the war with Japan.

The Soviets have not replied to the American and British notes regarding Iran; they have taken the law into their own hands by introducing fresh forces into Persia, presumably to threaten Turkey by supporting an Armenian upheaval and agitation for the section of Kars and Ardahan and to menace the Mosul oil fields by inciting and helping the Kurds to claim their independence in Iranian, Iraqi and Turkish Kurdistan.

They may also have in mind to intimidate the Teheran government. It is possibly their wish to deprive us of the possibility of bringing up our grievances before the security council on March 25 in exerting pressure in order to obtain Persian acquiescence to the continued presence of Russian forces in Azerbaijan and other regions of the north of Iran.

The world will not be deceived by these high-handed methods. Our only hope lies in the firm attitude of the United States and the exercise of America's great influence and leadership in resisting aggression.

Jameson Staff Meeting Tonight

There will be a meeting of the Jameson Memorial hospital staff this evening in the meeting rooms of the hospital, with Dr. E. U. Snyder of the surgical staff in charge of the program.

Refreshments will be served at the conclusion of business.

Dr. T. M. Shaffer is president of the staff.

LOOK OUT FOR PIN-WORMS

Recent medical reports reveal that an amazing number of children (and grown-ups too) may be victims of Pin-Worms—often without suspecting what is wrong! And these pests, living inside the human body, can cause real distress.

So watch out for the warning signs that may mean Pin-Worms—swollen, itchy, red, raw, and sore.

Get JAYNE'S P-W and follow the directions.

P-W is the Pin-Worm treatment developed in the laboratories of Dr. D. Jayne & Son, after years of patient research. The small, easy-to-take P-W tablets act in a special way to remove Pin-Worms.

Ask your druggist: P-W for Pin-Worms!

Neighborhood House Reports Activities

Enrollment In Various Classes At Neighborhood House Is Increasing

Miss Christine Butler, worker at the Neighborhood House reported its many activities during the month of February at the last assembly of the board.

All of the various classes have been meeting, as usual. There are 45 enrolled in the sewing class, 31 girls and 14 boys. The L. T. L. has 46 members who are learning ten-gerance songs, what the Bible says about drink and facts about the effects of alcohol and tobacco.

Three of the citizenship class have passed their examinations at naturalization court. The Junior American Citizen's club, now numbering 25 members, is learning qualities of a good citizen by studying the Constitution.

There are 60 enrolled in the evangelism club. The flame-graph story of "Pillars of Progress" has proven both interesting and helpful to the older folks as well as the children.

A group of boys and girls, in charge of Miss Olive Lewis, attended the Commando club meetings, sponsored by the Burris party, at the First Baptist church. One Bible school session during the month was devoted to missions. Mrs. C. Ryan, a missionary under the Alliance church, told of her work among the boys and girls of the Belgian Congo.

Africa. Pauline Hess, daughter of another missionary from the same part of Africa, gave her testimony. Bible school members enjoyed the story of African life and the teaching of the story of Jesus to those little black folks.

Cradle roll members, now number 31, receive birthday cards and Bible school papers. Moses Jacob was in charge of games at the social meeting of the Boys club. Lunch was served at the close of the party. Miss Jean Butler is the teacher of the group.

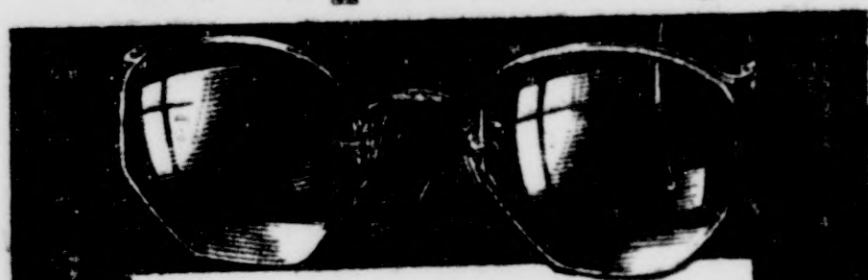

The birthday bank and call bell, formerly used by the Emmanuel Baptist Bible school, has been given to the Neighborhood House through Mrs. Mary Jones. Both are now being used. Part of the birthday money will be used to buy Bibles. Five Bibles have been distributed, while three New Testaments have been given away. Magazines and cards had been received from Miss Mary Moorehead and Mrs. George McClelland. Bible school material has been donated by the Third U. P. Bible school.

Grandpa says the development of ACS is the best news he has heard since that weather report, during the blizzard of '38, which announced it would soon stop snowing.

Highlights On The Sunday School Lesson

Ruth and Naomi.

"Forget not to show love unto strangers."—Hebrews 13:2.

By NEWMAN CAMPBELL.
The International Uniform Lesson on the above topic for March 17 is Ruth, the Memory Verse being Hebrews 13:2, "Forget not to show love unto strangers.""Now it came to pass in the days when the judges ruled, that there was a famine in the land. And a certain man of Bethlehem-Judah went to sojourn in the country of Moab, and his wife and his two sons. And the name of the man was Elimelech, and the name of his wife Naomi, and the name of his two sons, Mahlon and Chilion."
In time Elimelech died, and left his wife and two sons. The sons grew up and married Moabite women, the name of one being Orpah, and the other Ruth. Ten years later both sons died, and Naomi decided to go back to Bethlehem, and told her daughters-in-law to return to their own people. The three started out together, but at last Naomi said to the others: "Go, return each to your mother's house, the Lord deal kindly with you, as ye have dealt with the dead, and with me."

"The Lord grant you that ye may find rest, each of you in the house of her husband." Then she kissed them and all wept. Both asked Naomi if they should not go with her, but she said who should they? She would have no more sons, and if she had the women would not care to wait to marry until they were grown; so she advised them to go to their own former homes. Orpah kissed her and went; but Ruth refused. She said, "Intreat me not to leave thee, or to return from following after thee; for whither thou goest, I will go; and where thou lodgest, I will lodge; thy people shall be my people, and thy God my God."

"Where thou diest, will I die, and there will I be buried: the Lord do so to me and more also, if I ought not to death part thee and me."

Two Go Together

So Ruth and Naomi went to Bethlehem together, and when Naomi's former friends saw her coming they asked, "Is this Naomi?" but she answered sadly, "Call me not Naomi, call me Mara; for the Almighty hath dealt very bitterly with me." The name Naomi meant pleasant, and Mara meant bitter.
Naomi had a kinsman, a "mighty man of wealth," whose name was Boaz. Ruth, not knowing this, told Naomi she would go out into the fields and glean after the reapers that they might have food. Naomi agreed, and Ruth went to Boaz's field and gleaned. Boaz came to the field to greet his workers, saying, "The Lord be with you," to which they answered, "The Lord bless thee."

Then Boaz saw the girl and inquired about her, and was told she was a Moabite, the widow of Naomi's son, who had come with Naomi. Boaz told her to glean with his maidens, he instructed his young men not to molest her, and when she was hungry she should eat with his people and she would be well.

come. She thanked him much for his kindness and told her mother-in-law about it, and Naomi said, "It is good."

She then told Ruth that Boaz was a near kinsman.

The events occurring that night, when Ruth lay at the feet of Boaz, were perfectly innocent, according to that day, but are a little difficult for us to understand. In the morning, Boaz told Ruth to bring her veil and he filled it with six measures of barley and sent her home. When she told Naomi, she said, "Sit still, my daughter, until thou know how the matter will fall; for the man will not be in rest, until he have finished the thing this day."

Boaz wanted to redeem the impoverished Naomi and her daughter-in-law, Ruth, but there was a nearer kinsman who had the privilege of doing it if he wished, according to the law of Moses, the levirate law. Boaz set at the city gate next morning to wait for this kinsman, and hailed him when he came. Boaz stated the case and the kinsman confessed, "I cannot redeem it for myself lest I mar my own inheritance; redeem thou my right to myself, for I cannot redeem it."

That made Boaz part clear and he proceeded to do what he most wanted to—buy back from those who possessed it, the property which Naomi's family had lost, and marry Ruth, as this marriage would "raise up the name of the dead upon his inheritance."

The redemption pledge was witnessed by ten elders whom Boaz had gathered together, and all said to Boaz, "We are witnesses. The Lord make the woman that is come into thine house like Rachel and like Leah, which two did build the house of Israel."

"So Boaz took Ruth, and she was his wife; and the Lord gave them a son, and the women—neighbors—who were with Naomi, said, "Blessed be the Lord, which hath not left thee this day without a kinsman, that his name may be famous in Israel." Naomi told the child in her arms, and these same women gave him the name of Jesse and David, and eventually of Jesus through his mother, who was descended from David.

The charming story of the loving girl, Ruth, her mother-in-law, and the kindly, honest man of God, Boaz, shows how the ordinary people lived, not in confusion, lawlessness and crime of the book of Judges and Samuel, but with loving kindness and equity.

State Is Willing To Sell Deshon Hospital To U.S.

HARRISBURG, March 14.—(INS)—Gov. Edward Martin said the commonwealth was willing today to sell the Butler (De-shon) hospital to the veterans administration.
He anticipated "no trouble" in reaching a purchase agreement but said the commonwealth had not fixed a price. The institution was renamed Deshon hospital after the Army assumed control.
"We told the veterans administration that we would sell Deshon if they desired to use it as a veterans hospital but if they didn't we wanted it for a mental hospital," the governor explained.

Gen. Marshall Is En Route To U. S.

TOKYO, March 14.—(INS)—Gen. George C. Marshall, President Truman's special envoy to China, was headed for the United States today after an overnight stay in Tokyo.
Marshall's plane, which has been scheduled to take off last night, was delayed 12 hours by a snow storm. It is due in Washington by Saturday.

Marshall conferred with General Douglas MacArthur during his Tokyo stopover.

Babies Are Born On Bride's Ship

NEW YORK, March 14.—(INS)—When the transport Gen. Goethals arrives at New York from Le Havre tomorrow with 450 war brides aboard, it will have two more passengers than it started out with.
George (for Gen. Goethals) Polazzi was born en route to Mrs. Marie Polazzi, wife of former S-Sgt. Odo Polazzi of Jersey City. Another arrival via the stork route was a son born to Mrs. Kenneth William Goodbrake, wife of an ex-G.I. of Peoria, Ill.

Westinghouse To Resume Operations On Some Projects

PITTSBURGH, March 14.—(INS)—The Westinghouse Electric corporation today said it planned to resume operations on \$800,000,000 worth of business following the State Supreme Court's decision to limit picketing at its Pittsburgh plant.

The State Supreme Court yesterday reversed the decision of an Allegheny county court which refused to grant an injunction to halt mass picketing.
A spokesman for the corporation said between 750 and 1,000 supervisory and department heads, including 400 foremen, were notified to report for work on preliminary engineering, designing and estimating work held up by the strike.

BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention.
The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day.
If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may starve, nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning, sometimes show there is something wrong with your kidneys or bladder.
Don't wait! Ask your druggist for Doan's Pills, a standard diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

The radio introduced LaGuardia as a "great newspaper man." Isn't he the one who used to be a great fireman?

Budget Action By School Board Set For March 22

Action on the budget for 1946-47 will be taken by the New Castle school board March 22 when a special meeting of the board will be called. A school physician will also be elected that night to replace Dr. A. A. Newmark, who will not be a candidate for the term starting September 1. The decision for a special meeting came Wednesday night at the board meeting.
The regular meeting of April 10

was set back to April 9 when a superintendent will be elected. The four-year term of Dr. Frank L. Burton expires and by law the directors must meet as a convention on the second Tuesday of April for the purpose of electing a superintendent.

The first country in history to adopt Christianity as a state religion was Armenia, in 303 A. D.

Engelbert Humperdinck, German composer, was studying to become an architect at Cologne when he came under the influence of Hiller and was persuaded to devote himself to music.

All right, some were sassy. But let's have a citation for merchants, clerks and such who were accommodating above and beyond the call of duty.

IN THE OPEN

IN THE OPEN
There was a sound of revelry by day. The busy March breeze, carrying all the gossip of the countryside, picked up this gladsome hulla-balloo and freighted it across the valley. I heard it first while carefully nursing my aching back through a second day of distributing half the barnyard over the garden plots. Slowly and painfully I pulled myself erect, leaned on the fork and drank in the echoes of the carousal in the tall trees by the creek side. The red-winged blackbirds were back again, fresh from the marshlands of Louisiana, and still full of the carnival spirit of the Mardi Gras.

It is hard to describe the red-wing's music, particularly when he gangs up in a choral society and makes the welkin ring "with social cheer and jubilee". The general effect, when the chorus is going full blast, is strangely like a gigantic squeaking wagon wheel, as though Paul Bunyan and his Blue Ox were hauling timber and had forgotten to grease the axles. While I watched and listened the choristers decided the program was over. As though at a given signal, the flock rose high above the valley and flew off into the northwest.

Too-Mild Weather
It had been a week of too-mild weather, climaxed by a return to

blustery March normally with the week-end. The chickweed bloomed its head off by the doorstep, and I added another garter snake to the obituary list. In the twilight we noted a pair of rabbits playing about the lawns, boding no good for the bean sprouts and the young pea vines, scheduled for appearance in a few weeks. While on a short motor trip I saw a pair of gilded kingfishers perched on a wire above a small brook.

The male moth parents of the Spring canker worm, which played hob with our apples two years ago, are once again fluttering about the trees, seeking the wingless females. So far I have seen but one of the latter, and am hoping that all those males will be left waiting at the church. This year I plan to try one of the DDT preparations, sprayed heavily on the tree trunks from ground level up five or six feet, in an attempt to outwit these pests. They made a shambles of our "apple-sauce" tree two years ago. Life is not quite the same without that particular apple sauce.

Some New Faces

The week has brought some new faces to the valley. Our friends, the plovers, are back again and have already taken estimates on rebuilding under the back porch. As usual, my wife is up in arms over the monotonous roundelay of this little

flycatcher. After an hour or so, with no letup in the constant repetition of "phee-bee, phee-bee" I will hear veiled mutterings about "bobbing that pesky bird's tail." At times she has even been known to rush out on the back porch and let fly with the first missile to come to hand. On these occasions the bird usually moves in closer and continues the lecture.

Chipping sparrows have also returned to their Summer haunts. The morning hours are now quite vocal throughout the valley. The cardinals have unwrapped their silver flutes and the tufted titmouse is singing with the best of the valley songsters. The bluebirds have spent some time about the yard, but do not yet show any interest toward returning to the dove-cote apartment they occupied last year. I notice the English sparrows and the arrogant starlings also have an eye on this dwelling, and plan to boot them off the premises, despite all housing and rent controls.

Spring Chores Amazing

It is amazing how the Spring chores can pile up about a country home. There are always several tasks ahead, even though a full week-end is given over to getting the routine jobs out of the way. Many of these tasks are a delightful interlude to the man who loves the outdoors and likes the feel and the smell of things close to the earth. Burning over the sod ground is one of these joyful jobs and the Spring "brushing out" with the pole axe another. Perhaps the hardest work is preparing the garden plots for the plow and the harrow. But the recompense comes in the knowledge that the soil has once again been prepared to "bring forth an hundredfold".

Through the mails during the week came a letter from an old fishing partner with whom I have spent many enjoyable days astream. When I opened the envelope two small little hooks fell out. They are the kind known as "minnow" hooks, and have been unobtainable since the first year of the war. A gift of gold could not have pleased me more. Those hooks had a specially escorted journey to the cellar, where they joined the pitifully few companions in my tackle box. Their performance during mid-April will be interesting to note.

SINUS DISEASE

Many people have trouble in their face and head due to disease of the sinuses.

These sinuses are openings or cavities in the bones of the face. They are of various sizes and shapes. They are lined with mucous membrane like the lining of the mouth and nose.

Sometimes this lining becomes

inflamed or diseased and there is pain or discomfort.

There are many causes for sinus disease and it is a difficult medical problem to find the cause of each case.

Usually the most of the trouble seems to be in the nose. Perhaps the best plan when any trouble occurs in the nose would be to see your doctor about it.

He could probably find out if there is anything wrong with the sinuses.

True, many farmers make a poor living. But in what other calling could they do better without education or training for it?

Elmer Not Worried Over Car Stealing, Getting To Be Habit

PHILADELPHIA, March 14.—(INS)—Where's Elmer? Chances are he's looking for his car.

Usually when someone finds his

automobile missing he excitedly dashes to the nearest police station to report the theft, but not so with Elmer Miller of Philadelphia, who has learned to accept car thefts as routine.

He calmly notified police today that his car had been stolen from in front of his home—the 13th time in 15 years he has made such a report.

He's pretty tired of keeping score of his stolen cars. They were all the same make and model. Three

of them were wrecked and the others were driven until they were out of gas, he said.

"He read nothing except the Medical Journal, the newspapers, and his ledger," Cass Timberlane, That describes all the rich ones, doesn't it?

I NEED ATTENTION

Have you given your house a check-up lately? You'll probably find many spots that need attention.

Roof, ceilings, sidewalls, porch steps, plumbing and wiring are only a few of the places that may be crying for repairs.

Does Distress Of Periodic FEMALE WEAKNESS

Make You Feel "A Wreck" On Such Days?

Do you suffer from monthly cramps, headache, backache, feel nervous, jittery, cranky, "on edge"—at such times—due to functional periodic disturbances?

Then try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Pinkham's Compound does more than relieve such monthly pain. It also relieves accompanying tired, weak feelings—of such nature. It has a soothing effect on one of woman's most important organs.

Taken thrice a day—Pinkham's Compound helps build up resistance against such symptoms. It's also a great stomachic tonic!

Testimony Of Herger Fails To Include Killing

(Continued from Page One)

when he was confined on a petition under the mental health act, that she visited him in the jail.

Offered Him More Money
Again he said she had offered him any part of a \$1000 for his trip to the West Coast. The story of the death of Jean Fatur he told in these words:

"On October 17, 1945, about 11:30 a. m. I was working in my overalls. I was dirty and greasy, and about that time Jean called. She said, 'I'm sick, you must come out.'"

"I jumped into my car and went out to Shaffer's in Wurttemberg Heights and she was standing in front of Shaffer's. She had a black grip. She came out to the car and I got out and helped her into the car. I started to drive away and said to her, 'What's the matter honey?'"

"My stomach," she said. "She got white and I pulled her over to me. Again I asked Jean, 'What is the matter?' No response. (This in a melodramatic tone.)"

"She was laid back against the seat and I drove into Wilson's drive. As I did so a car came up in back of me and I put the brake on sharply. As I did so her head went up against the radio. Her nose was bleeding. I tried to revive her but to no avail."

Drove Away
"Then I drove away and got to Slades' gas station where I sat for a while. The next thing I know I was in front of my own garage. I drove into the garage and tried to revive her again, but couldn't. I went into the house, changed my clothes, got my pocketbook and drove down to the Evans Park bridge. Somehow I couldn't seem to make the car go."

"Then I drove to a cottage on Cella road in Beaver county owned by my uncle. I took the body into the cottage and upstairs to a bedroom. I put the body in the bed and covered it with a blanket. "I came to New Castle and registered at the Fountain Inn and then went up to the Kreski home. They insisted I stay there and I did until Friday. On the day I was leaving, I took Mary Jane to work and she asked me if I wasn't going to take Jean along with me on my trip west. Then I remembered I had left the body at the cottage."

Put Body In Car
"I went back to the cottage and put the body in the trunk and started to drive." Here he described his trip into Ohio until he got to Malinta. "When I got to Malinta, I lifted the hood of the trunk of the car to get some tools and then I saw the body of Jean in the back. After that I don't remember."

Later he said he remembered driving to the Damascus bridge near Napoleon, O., and dumping the body in the Maumee river between 6 and 10 p. m. but doesn't remember if it was dark or not.

In Toledo he said he was in a cafe on New Year's Eve when a girl tapped him on the shoulder and said "don't you think you are wasting your money buying beer?"

This girl whom he identified as Angela Martin went out of the restaurant with him and from then until January 21, the day he was arrested, he said they ate dinner together every night and the girl acted as his friend. The arrest on January 21 he described and then followed an account of his stay in the Toledo, O., jail, in the Allquippa jail and the Beaver Falls jail.

Tells Of Other Crimes
He told of his term in the Western Penitentiary for attempted rape and said he was promised \$100 by the warden if he would do some work on the electrical connections destroyed by fire. He said he worked 87 days but got only the usual ten dollars when he got out of the penitentiary. He also told a story of how he had been imposed upon in Malinta, O., where he was found guilty of forgery and served three years.

He denied ever sending a telegram from Pittsburgh to Mrs. Mary Belle Shaffer purporting to show Jean Fatur was married, he denied ever striking Jean Fatur, he denied any knowledge of her pregnancy and then to a dozen relevant questions as to his conduct he replied "I don't remember."

Psychiatrists Testify
Two psychiatrists for the defense were called today. Dr. Rodney H. Kiefer and Dr. Edward A. Mayer, both well-known for psychiatric work in Pittsburgh. Both testified Herger was sane and knew the difference between right and wrong, but that he had poor control of his emotions, he was egotistic, arrogant, self-centered and supercilious. Both said he was not a subject for an insane asylum but that he should be put away.

District Attorney Leroy K. Donaldson called one rebuttal witness, F. D. Buquo, an uncle of Irvin Herger's who owns the cottage where Herger said he hid the body of Jean Fatur.

Mr. Buquo testified he and his wife had been to the cottage on the days Herger said the body was there and saw no body, although Mr. Buquo said he did not remember if he was in the bedroom.

A few minutes before 12 noon the case was finished. Judge W. Walter Braham asked the counsel if they wished to make their arguments now to which they replied they would sooner wait.

The testimony will now be transcribed, briefs prepared and the case argued later. This will probably be about two weeks.

Afternoon Session

Dr. Joseph A. Camarotta, assistant superintendent of the Torrance State hospital for the Insane was the last commonwealth witness called. He said that Herger was arrogant, egotistic, self-centered, never adapted himself to life, was hostile to life but that he was sane. He said he had no morals, has no capacity for real affection for others, and has an utter disregard for the conventions of society. With this testimony the commonwealth closed at 2 p. m.

Opening for the defense Ralph

Herger, a brother of Irvin C. Herger, was called. He said Irvin had always been queer. As a boy he would hit another boy and then run away and wouldn't fight his own battles. He recited episodes in the past ten years where he did things that indicated a disordered mind. When he was right Ralph said his brother Irvin was a fine mechanic but when he was in a tantrum he was liable to do anything. He said the whole family joined in the petition to have Irvin examined under the mental health act.

Wife Testifies

Mrs. Irvin Herger was called to the stand. She told a story of abuse and name calling which she said started in Malinta, O., before he was sent to the penitentiary. She told of his sentences to the penitentiary and also told of the petition for a commission under the mental health act.

William Herger, a brother of Allegheny County, told of rages of Irvin and of once trying to attack his father and mother. He said he believed Irvin should be put away and not released.

Gertrude Kaufman, eldest sister of Herger was called to the stand. She told of a time when he took a telephone off the wall, of another time when he was going to kill himself.

Anna Herger, another sister, formerly in the Marine Corps, said one reason why she entered service was because of Irvin. She said she saw his car on October 20 and there was nothing in the trunk.

Verne D. Kaufman, a brother-in-law, and F. D. Buquo, an uncle, were the last witnesses called for the afternoon. Attorney Edwin K. Logan said there were two witnesses to be heard from Pittsburgh but that would not arrive until Thursday morning.

Reveal Carl Deegan Lost Life In Crash

Reported Missing In November;
Word Comes He Was Killed
In Airplane Wreck

According to word received by Mrs. Sally Deegan of 204 East Cherry street, from the War Department, her son, Cpl. Carl L. Deegan, lost his life on November 25, 1945, in the Philippines area.

Cpl. Deegan was formerly reported missing by the War Department, as of November 25, 1945.

The report states that the late Cpl. Deegan had been sent on a special mission and was returning by plane from

Mindora when the plane crashed on the southern part of Luzon, and he with all the crew of 19 were lost.

Carl was attached to the 102nd Anti-Aircraft unit, and was stationed in Bagio, Northern Luzon. He joined the service in May, 1943, and had been overseas 25 months.

Cpl. Deegan was awarded the Silver Star for conspicuous bravery while aboard a naval ship during the invasion of Mindora. He also received the Asiatic-Pacific Ribbon with three Bronze Stars, Philippines Liberation Ribbon with one Bronze Star, a Chinese Citation in form of a shoulder braid, Good Conduct, Victory, and American Defense Medals.

Carl played for one year on the varsity football team of New Castle High school. He was formerly employed in the local B. & O. Railroad roundhouse.

His brother, Cpl. James E. Deegan, of the 347th Harbor Craft Amphibious Service, now discharged, was last to see his brother Carl, during August, 1945, in Manila. James resides on Schenley avenue. A brother, Cpl. Paris Deegan is on 90-days furlough visiting his mother, and

has re-enlisted for three years. Brother Gilbert H. Deegan, S-2-c, is stationed in California, and expects soon to go to the Pacific. Lawrence Deegan is a resident of Oakridge, Tenn.

Two sisters also survive. Mrs. Hugh Stewart, of South Mill street, and Mrs. Charles Bachman, of Nanticoke.

Shenango Juniors Begin Rehearsals Of Mystery Play

With the play chosen, and the cast selected, production of Shenango high school's junior class play is already well begun.

Rehearsals for "Haunted Schoolhouse" have been under way for about a week, and the mystery play will be given on Friday evening, April 5. The play is being directed by Mrs. Betty Johns.

Seventh Ward

Sons Of Columbus Elect Officers

At St. Margaret's hall, North Liberty street, members of the Sons of Columbus, New Castle Council No. 74 met on Tuesday evening.

At the business session the following officers were elected: Nick Canney, president; Charles Expósito, vice president; Thomas DeVivo, past president; T. C. Rainey, temporary corresponding secretary; Mrs. Mary Quarto, financial secretary; Mrs. Jennie Rainey, treasurer; Angelo Russo, orator; Joe West, Andrew Master, Victor Mangino, Frank DiDomenick and Charles Masters, trustees; Mrs. Margaret Masters and Mrs. Elizabeth DeVivo, attendants; Ed Russo and Tony Masters, sentinels; Sam DePiero and Mrs. Theresa DePiero, sick committee.

Following the election splendid refreshments were served by the social committee. Later there was a period of dancing accompanied by a local orchestra. Fifty-eight members were present.

Nick Perrotta of the local lodge has again been appointed by the National Council at Pittsburgh as a commissioner of the organization. John Peluso of Adams street has been admitted into the lodge as an honorary member.

Ladies Aid Meets At Clark Residence

Mrs. J. T. Clark of English avenue was hostess on Tuesday afternoon to members of the Ladies Aid society of the Madison Avenue Christian church, with a splendid attendance.

The devotional exercises were conducted by Mrs. Walter G. Wilkins. Mrs. C. J. Bernhart was in charge of the business session. Miss Ivan Walter was a guest. Mrs. Kenneth Jerry united with the society.

Sewing was the diversion of the afternoon. A delicious lunch was served by the hostess and her associate hostesses Mrs. Kenneth Walter and Mrs. Sally Deegan.

The next meeting will be entertained by Mrs. I. D. Wagner of North Cedar street, with Mrs. Lynn Matlack and Mrs. Adda Robinson associate hostesses.

Penna BO Committee To Plan Anniversary

At the Y. W. C. A., members of Penna BO lodge had their regular meeting on Wednesday afternoon in the green room.

At the business session the president, Mrs. Eva Drumheller, appointed the committee of arrangements for the celebration of the 34th anniversary of the organization as follows: Mrs. Lila Shaw, chairlady; Mrs. Anna Bollinger, Mrs. Della McCort and Mrs. Drumheller. The event will take place on Wednesday, April 10.

Program Planned For Father, Sons Banquet

On Monday evening at Mahoning Methodist church there will be a father and sons banquet, sponsored by the Men's Fellowship groups of the three ward churches. Dinner will be served in the dining room commencing at 6:30.

There will be group singing and a toast given to the fathers and sons. Special music will be given.

Prof. Walter Biberich of Westminster college will present a program of magic and hypnotism.

BUILDING MAKING PROGRESS

With favorable weather for building, during the past couple of months, the concrete block walls of the Elliott Steel Company warehouse have been erected to a height of

about ten feet. The building lays on ground between North Cedar street and the Penna. Railroad tracks, and adjoining the northern end of the plant of American Box Company.

Sgt. Dante DiThomas Given Discharge

Receiving his honorable discharge at Camp Atterbury, Ind., Staff Sergeant Dante DiThomas has returned to the home of his father, Joe DiThomas of 104 South Cedar street.

Sgt. DiThomas was in the U.S. service for three years.

He was a member, and also director for a period of a band stationed at Seattle, Wash.

GARDENERS GETTING READY

On North Cedar street it can be noticed that some gardeners have raked off their lots, piled up the brush ready to be removed. The recent wonderful spring weather has put the gardening urge in folks, and they take walks over their plots of ground looking things over and making their plans. Onion sets have already been planted in the ground.

REPAIRING BRIDGE

Employees of the B. and O. Railroad have completed repairs to the 'Box' enclosing the north side of the railroad bridge that crosses Liberty street, in the ward.

SODALITY TO MEET

This evening, members of the Sacred Heart Sodality will meet at 6:30 in the auditorium of St. Mary's church. Madeline Prescero, president.

Larger Program For City Youth 'Y' Staff Plan

Newly Completed Staff
Aims At Extensive Pro-
gram For Young
Men And Boys

John P. Boyles, president of the board of directors of the Y. M. C. A. in this city, called a recent conference of the staff members of both branches of the association to formulate plans for an expanded youth program in the community.

With some 600 ex-servicemen already enrolled with the association and the annual membership drive about to get under way, a post-war period of extension and service to the youth of the city is planned.

Staff Completed
With the "Y" staff now at full strength, Robert L. Meermans, general secretary of the association has said that every service possible to young men and boys of the community will be accomplished.

Mr. Meermans will assume charge of general supervision of both the branches in the city, and direct the service to the community in general. William A. Winter, recently discharged from the Army, will act as program activities director and be responsible for membership work. James Dart, who became a member of the central branch staff last June, will be the physical director and dormitory secretary. David L. Catrall, a new member of the staff, and a recent dischargee from the naval service, will assume the position of Boys' Director and in addition handle the public relations office of the association.

Edward E. Smith, who came to New Castle as the executive secretary for the Shenango street branch, will be in charge of all activities of that branch.

PLAN EXPANDED PROGRAM IN Y. M. C. A. WORK

YMCA STAFF

John P. Boyles, president of the board of directors of the Y. M. C. A., is shown with staff members of both branches of the association as plans are discussed for an extensive post-war program for young men and boys in the city.

The members, left to right (sitting) are: William Winter, program activities secretary; John P. Boyles, president of the board; Robert L. Meermans, general secretary of the association, and James Dart, physical director and dormitory secretary. Standing are David Catrall, boys' work director, and Edward E. Smith, executive secretary of the Shenango street branch.

Ellwood District Contest Standing

The twelve Ellwood District Sunday schools participating in the 8-weeks Pre-Easter increase campaign being sponsored by the Lawrence

County Sabbath School Association had another good day Sunday, March 10, and accumulated additional points and higher percentages.

The following are the standings at the present time giving March 10 attendance and percentages.

"WHERE ARE THIS MONTH'S BILLS?"

"Speaking of money,"
Father thundered,
"where are this month's bills?"

"Clare," Vinnie pleaded,
"it isn't fair
to go over the household accounts while you're hungry!"

POOR VINNIE! Was ever any wife so stormed at? How Father raged over the bills she ran up! But our guess is that if laughable, lovable Clare and Vinnie were keeping house today, one bill wouldn't bother him. . . . That's the electric bill.

For Father was a thrifty man. "Vinnie," he used to roar, "this is a matter of dollars and cents, and that's something you don't know anything about." But he knew about it. And he would have appreciated the fact that while the prices of most things went way up in war years, the average price of electricity actually came down. Plus the fact that the average family gets twice as much electric service for its money today as it did twenty years ago.

Being a practical man, Father would have realized the reason why. As he used to shout at Vinnie, "You know I like to live well, and I want my family to live well. But this house must be run on a business basis."

And that's exactly how your electric light and power companies are run. On a business basis. Almost certainly, America's Favorite Stage Character would have applauded America's business-managed, self-supporting electric companies.

Higher Prices To Farmers Aim Of Senate Group

If Wage Floor Is Boosted Senate Group Will Seek Higher Prices To Farmers

WASHINGTON, March 14.—(INS)—Determined farm state senators moved into an all-out fight today to get higher farm prices if the minimum wage floor is boosted.

As the senate prepared to open debate on the bill to boost the wage floor to 65 cents and eventually 75 cents, Sen. Elmer Thomas (D) Okla. predicted success for his effort to attach an amendment to the Pace farm labor proposal.

The Pace bill would require that farm labor costs be included in computing parity prices. Since labor costs have risen since the 1910-14 base period, that automatically would bring boosts in the parity prices.

Afraid Of Veto

Supporters of the minimum wage bill reportedly feared the Pace bill movement might hurt the chances of their measure—and worried about the risk of a veto.

But they invited Thomas, chairman of the senate agriculture committee, before their second "strategy" meeting to outline his amendment—which some observers interpreted as an indication they had reason to think Mr. Truman might accept it.

It was known to have support of some senators who flatly oppose the minimum wage bill and also some who are backing it.

DEMONSTRATORS DISPERSED

LONDON, March 14.—(INS)—Reuter reported from Trieste today that British military police had dispersed 200 persons demonstrating in favor of Marshal Tito before the Italian Liberal party headquarters. No casualties were reported.

ACS according to the scientist who developed it, won't help you the least bit if you indulge in worry. That's it—we knew there was an impossible hitch to it, somewhere!

Goering Continues To Give Testimony

Declares He Still Believes That The Fuehrer Principle Was Right For Germany

NUERNBERG, March 14.—(INS)—Hermann Goering testified today at the Nuernberg war crimes trials that he "still positively and consciously believed that the Fuehrer principle was right for Germany."

The ex-Reichsmarshal and Luftwaffe chief admitted responsibility for issuing part of the notorious Nuernberg laws; for creating a German air force in contravention of the Versailles treaty, and for counselling Hitler to aid Franco during the Spanish civil war.

Goering declared that the "United States air force assured allied victory" in World War II.

Wearing shining riding boots with his blue uniform, Goering delivered his testimony in a firm voice and with an assured manner. In speaking of the Nuernberg laws he attempted to evade responsibility for the stringent anti-Jewish measures by saying:

"I issued the part of the Nuernberg laws concerning economics but the rest. I take a full share of responsibility. I do not wish to hide behind my Fuehrer."

Bricker Attacks Russian System

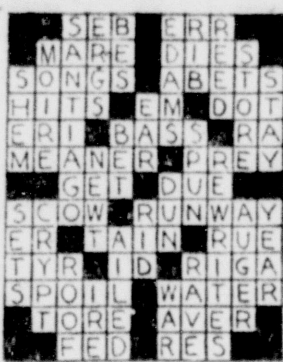

NEW YORK, March 14.—(INS)—The Russian dictatorship system and the trend in the U. S. toward centralization of government were lumped together today by John W. Bricker as contrary to Christian principles and good citizenship.

The former Ohio governor and 1944 Republican vice-presidential nominee, substituting for former Minnesota Gov. Harold E. Stassen at a New York church Lenten forum added:

"Managed economy, government competition with business, restriction of individual enterprise and the growth of collectivism are the inevitable fruits of the authoritarian spirit in government."

Robert S. Meermans Ends Naval Service

Mr. and Mrs. Robert L. Meermans have received word that their son, Lt. Robert S. Meermans, Jr., has been released to inactive duty with the U. S. navy at San Francisco and is on his way home.

Lt. Meermans spent 44 months in the service and served in both the Atlantic and Pacific oceans aboard destroyer craft. In the east he was communications officer on the USS Bainbridge, and during the Pacific campaign was maintenance officer on the USS Bemer.

He saw action in the Philippines, Saipan, Guam and was stationed on the Japanese mainland.

Sacred Hearts Win Floor Championship

Defeat Wampum 78 To 23 Wednesday To Become Church Floor Champions

Epworth And Second U. P. Tie For Second Place, Players Being Hailed

Sacred Hearts basketball team is being hailed on all sides today as the champions of the New Castle church basketball league for the 1945-46 season by virtue of their stunning 78 to 23 victory last night at the "Y" over the Wampum Presbyterians. The Hearts, champions of the first half after a playoff with Epworth, won ten and lost but one the second half.

Epworth and Second U. P. finished in a deadlock for second place with nine wins and two defeats apiece. The St. George Greeks finished next with eight and three.

Hearts Real Champions
The Hearts looked the part of champions last night as they swarmed the Wampum under an avalanche of 33 field goals, led by Rags Gennock with 22 points, Sammy Ciaza with 17 and Janacone with 13.

Best in the Wampum lineup was McMillin with 12 points. The Hearts led at the half 43 to 6. Joey Cooper, the Hearts star forward, was missing last night, but this made no difference to the champs, they piled in loads of field goals anyhow. With Cooper they might have hit the 100 mark.

The Hearts in supplanting Epworth, the perennial champions, have a great team and are deserving of the title they won last night. The Sacred Hearts at the start of the season took over the franchise originally granted to the St. Vitus church.

Second U. P. Wins
The Second U. P. team last night defeated the St. George Greeks 39 to 17 in the second game on the card, with Bob Pitzer, Johnny McGary and Scotty Morrison in starring roles. Best for the Greeks was Johnny Poleno.

In the third game on the bill and the last for the season the Trinity team in a surprise showing handed the First U. P. team a neat 41 to 30 lacing with Don Spears high man with 17 points, followed by Richards with nine and Lewis with a like number. Best for the losers was Ted Lewis with 16 of the 30 points.

Tickets Rare For Homestead Sharon Clash

Schools To Get Bulk Of Ducats To Titular Scrap At Beaver Falls Floor

Tickets for the impending Sharon high school, Homestead title scrap at the Beaver Falls gym Saturday night, are scarcer than nylons in a bargain basement.

The dual situation was settled right after the Tigers topped the Ford City five in the semi-finals, and it was agreed that only the two competing high schools would be put on the ticket list, 1100 going to each institution. There will be no general admission cardboard doled out at the gate come Saturday, so local fans who yearn to go to the contest can save their gasoline and tires.

Great Record
"Chick" Davies' Steelers come into this scrap with their banner unblemished in 24 straight contests over the season, one of the best records in the commonwealth this year and second only to the defending champions, the Allentown "Canaries," who have piled up the amazing total of 40 wins without a setback.

Sharon has come on with a rush to advance into this important clash and have been one of the surprising teams of the district. After a hectic and much-delayed play-off for the Section III title they finally won from the Alliquipp Indians twice to clinch the crown after the first game was ordered replayed because Sharon had used one of their players in an overtime period when he had five personal fouls chalked up against him.

The Tigers then went on to whip the Waynesburg entry in the quarter-finals and take a comparatively easy win from the Ford City quint, Coact vs. Pupil

The title clash will bring together the old coach versus pupil rivalry since Pete Colodi, pilot of the Tigers, learned the ropes from Coach Davies when the volatile "Chick" was turning out boxer juggernauts at Duquesne University.

"Dudey" Moore, Colodi's assistant at the Mercer County high school, also played under Davies for the Iron Dukes. Fans will be eager to see which will emerge the master in the titular collision.

Rickert Fixture In Cub Outfield
AVALON, Calif., March 14.—(INS)—Marvin Rickert, 24-year-old Long Beach, Wash., ex-coast guardman, continuing today as the hottest rookie outfielding prospect in the Chicago Cubs training camp.

Rickert hits a long ball and can chase flies in the outer garden in such fashion as to make it appear he had clinched holdout "Peanuts" Lowrey's old leftfield spot.

JOHNSON BRONZE WINS
The Johnson Bronze Second Turn basketball team recently handed the St. Mary's Reserves a neat 39 to 25 lacing with R. Tomello, Burdell and Treddy "Peaches" Kolec starring with the majority of the points.

Mack Has Switched Rookie To Outfield
WEST PALM BEACH, Fla., March 14.—(INS)—Connie Mack was still trying to corner another outfielder with power today, but scotched reports that he was ready to trade Hurley Russ Christopher to the Yankees for one. Meanwhile he prepared to talk terms with Phil Marchildon, ace moundman, who is asking \$12,500 against an offered \$7,500.

HATTEN SIGNS UP
DAYTONA BEACH, Fla., March 14.—(INS)—The Brooklyn Dodgers ended their salary squabble with Joe Hatten, 28-year-old southpaw, hailed as the most promising rookie in the major leagues. Hatten had been a hold out. He built a great record in service games during the war and is expected to be a twenty-game winner.

THAT'S AN IDEA... WE OUGHT TO CHECK UP ON HIM... HOW ABOUT DOIN' IT?

HERE AND THERE IN SPORTS' LAND
ONLY two undefeated basketball quintets in the state are the Allentown Canaries, defending champs and the Homestead Steelers. Both fives have a better than 50-50 chance of meeting for the state crown in the big game in Philadelphia later this month. . . According to Carl Romack, member of The News sports staff "if there is to be any advantage on either side in the Saturday night game for the WPIAL cage crown at Beaver Falls, it should rest with the Sharon Tigers." The Colodi crew has shown its ability five times on the volley court so far this season, playing Beaver Falls three during the regular seasonal games, meeting Alliquipp twice for the sectional title and engaging Waynesburg and Ford City in the play-offs in the WPIAL tournament.

No use going sucker fishing this afternoon said Captain Harvey Blintum yesterday as he meandered through North Mercer street. Cannot get them to bite when the wind is so strong, he explained. . . Writing about suckers, it may be well for fishermen to confine their fishing to streams in which trout have not been stocked. . . Congressman Louis E. Graham pleased local sportsmen when he went on record as being opposed to the senate bill, which if finally enacted into law would require owners of guns above 25 calibre, to register them. . . City officials have written the Lawrence County Sportsman's Association they will open Cascade Park lake to public fishing. The city fathers closed fishing, excepting to Deshon hospital annex patients when the hospital was established. It was stocked with carp and catfish. The LCSA will ask the fishy commission to stock panfish there.

Ruffles Johns, former local boy, who did his bit in the army and is now a businessman of Greensboro, N. C. was one of the most picturesque of local sport followers when it came to leaping into the limelight. He crashed the gate of many big prizefights and some people credit him with being the equal of One-Eyed Connolly, the original cage-crasher, who some years ago visited The News sports room. Johns also had "bits" in some movies before going south to follow a business career. . . Here & There couldn't report where Russ Baxter beat Buddy Rose because Manager George Sheppard did not name the city where the fight was held. However, fans were glad to know he scored his tenth straight win. He is helping exploit the fictive fame of the city and fans hope he emulates the feat of George Chip and becomes a middle-weight king from New Castle.

Mickie Walker, the toy bulldog of an era several times removed, is now an artist. He may not be among the best of painters, but some of his paintings were reproduced by Esquire with Paul Gallico telling of Mickie's past career and future hopes. Here & There remembers the night Walker was here, Walker, a former champion, was to collaborate with Jess Willard in professional bouts in the Cathedral which Robert Laterra was to promote. The evening was so hot only a hundred fans appeared and the show was cancelled. However, following the show there was a get-together of men who were associated intimately with boxing.

Canada Lee, former welterweight, is a noted actor. Izzy Grove, also a former boxing star is also a thespian. If you can remember when Jim Corbett, Bob Fitzsimmons and Terry McGovern trod before the footlights, you're in the Old Times brigade. . . There are three crosses in the fight game: right, left and double! There also was a good cross in the fight game—Leach. He once boxed Dick Hyland. The going was tough. Leach, a former champion, staggered back against the ropes, and when Hyland lunged in to impose the atomic, Leach crossed to the chin and won. He was a smart lightweight. . . It was heartening to see so many fishermen and hunters at the recent LCSA meeting. It would be equally as heartening to see 3,500 of the 7,000 licensed here with memberships. Only 1,043 now own a membership.

Fair Or Foul

By LAWTON CARVER
(International News Service Sports Editor)
CLEARWATER, Fla., March 14.—Bob Feller, regarded by some as the greatest pitcher in baseball and by others as second only to lefty Hal Newhouse, thinks his fast ball is as fast as ever and looks ahead to one of his greatest seasons in 1946. The one time farm boy, Iowa, found last season upon his return from nearly four years at war—real shooting war, too—that he hadn't gone back noticeably and he's ready now to prove it.

Not as Fast
He answered comment from baseball people on his seeming loss of some speed by saying: "Don't believe it. I'm as fast as I ever was—when I have to be. But I throw overhead or side-arm, depending upon the hitter, and I have a slider that I can come in there with occasionally. I also use a change of pace more than some people think."

Frisch Begins To Weed Out Players

Pirate Manager Sends Two Rookies To Farm Clubs For 1946 Season

SAN BERNARDINO, Cal., March 14.—(INS)—Pirate Manager Frankie Frisch today expected to put his charges through some indoor skill practice as the weatherman predicted another day of "heavy dew."

The Bucs were given a day off yesterday when rain washed out their scheduled games with Los Angeles and Seattle. Frisch began weeding out the largest roster in the history of the club. The first two to feel the axe were Pete Roman, who was ordered to report to the Oil City, Pa. club, and Rover Lind was sent to the Birmingham, Ala. club.

Waterfield Signs Contract With UCLA As Backfield Coach
Bob Waterfield Will Concentrate On Backfield In UCLA Spring Training

LOS ANGELES, March 14.—(INS)—Bob Waterfield, voted last year's most valuable professional football player, Wednesday signed a "four-figure" contract as backfield coach for spring training at the University of California at Los Angeles. William C. Ackerman, UCLA graduate manager, said that Waterfield would concentrate on coaching quarterbacks, and taking over the passing and kicking departments.

Waterfield, who starred for UCLA in 1941, 1942 and 1944 before joining the Cleveland Rams, becomes one of the highest salaried players in football. The Professional Club pays him \$20,000 for the season. Ackerman said the new contract will infringe on Waterfield's work with the professional team, recently moved from Cleveland to Los Angeles.

Baksi Forced To Cancel Bout With Mauriello Friday
Chipped Bone In Right Elbow Forces Cancellation Of Baksi, Seek Substitute

NEW YORK, March 14.—(INS)—Madison Square Gardens' matchmaking department is trying to line up a substitute opponent for Tami Mauriello, slugging New York heavyweight, in Friday night's main ten-round bout.

Joe Baksi, of Kalamazoo, Pa., who had been scheduled for the spot, suffered a bone chip in his right elbow while in training and was forced to withdraw. Joe Maxim of Cleveland, Jack Kearns' heavyweight protégé, was eliminated as a possible opponent of Tami when Johnny Thomas of Fort Lauderdale, Fla. won a unanimous decision over the Cleveland-er in a ten-rounder.

Maxim's defeat was the first in two hours since he left the army. Thomas forced the fighting all the way, although at 180 the Floridian was outwitted by five and a half pounds.

New City Baseball League Is Formed

Eleven Teams Send Representatives To First Meeting Wednesday Eve

Charles P. Walther Elected President; O'Leary-Babovsky Named To Offices

New Castle's post-war enthusiasm for baseball was clearly reflected last night when over 50 interested persons attended the first meeting of the city baseball men in two years last night at Carm's place on West Washington street, and formed a new city baseball league with 12 teams waiting franchises.

That New Castle is going to see a baseball revival here this summer the likes of which they have never seen before, is almost a foregone conclusion. Never has there been such keen interest shown. The boys who just got through with a big game in Japan and Germany want to play baseball now. They will be given that chance.

Officers Are Elected
An election of officers took place last night with 11 teams voting and Charles P. "Bugs" Walther, veteran News sport writer and founder of the city league back in 1937 was named as president. Joseph O'Leary, another veteran baseball man in New Castle holds the vice-presidency, while a recently returned G. I. Joe Michael "Jake" Babovsky, former city baseball secretary and treasurer stepped right back into his old place.

It was decided that the franchise money will be \$50.00 this year, for each team in the league. Eleven Teams Represented
Another session of the managers and officials will be held next Monday night at Carm's Place at eight o'clock. It was announced.

The following teams had representatives at the meeting last night: Columbus Club, Joseph, Frizone, Moose Club, Carm DeLone, South Hill A. A. Joe Augustine, Duca D'Abuzzi, Bill Latoria, Lawrence Indies, George Zidow, Slovak Club, Steve Gonda, Universal Sanitary Mfg. Co., Howard Lowry, Ryanston, Bob Smiley, Sons of Italy, Charles Scaglione, American Legion, Earl C. Moffatt, West Pittsburgh, Ralph Fendoots. No representative of the West Side Tigers attended the meeting.

Asks Meeting Support
Leo W. Hill, president of the Lawrence County Umpires, has associated himself with the matter of fixing up a number of baseball fields in New Castle and attended the meeting last night asking the new league's support of the citizens meeting next Wednesday night at the Legion Home at 8 o'clock at which time concerted action will be taken to put New Castle's baseball on a par with other cities in this section of the country.

West Pittsburgh Meets Tonight
Ralph Fendoots, veteran West Pittsburgh baseball manager, has called a meeting of the West Pittsburgh club for tonight at 7 o'clock at the Diaz club rooms. West Pittsburgh has joined the city baseball league in New Castle.

All players who desire a tryout with the West Pittsburgh team are asked to attend the meeting. Fund-boosts plans to field a strong team this summer.

Wampum Quintet Enters Tourney

Sixteen Teams Will Vie For City-County Floor Title At "Y" Tourney

City-County basketball tourney director Jimmy Dart, announced today that Wampum has entered a strong team in the city-county tourney starting next Monday night at the "Y". The Wampum five will be coached by L. Butler Hefron, veteran Wampum High mentor.

Dart also announced that Jack Gerson, local jeweler, has donated a beautiful trophy cup for the champions, which added to the 78 other tourney prizes to be awarded will make the tourney a most attractive one.

The first tourney game will get under way at 7 o'clock next Monday evening. The entrance of the strong K. Pulaskis, Polish Falcons, and Ellwood Shelby Socials makes the lineup very appealing.

In the Wampum lineup will be such well known stars as Guy Bennett, Jim Ormiston and "Toy" Craine, the latter just out of the army.

West Virginia Favored To Win

NEW YORK, March 14.—(INS)—The "backyard" team of Bowling Green, Ohio, is a six-point favorite to whip the speedsters from Rhode Island state in the top quarter-final game of the national invitation tournament, which begins tonight in Madison Square Garden. In the other game, St. John's of Brooklyn is two-point underdog to West Virginia University.

New Charges Against Four In Spy Ring

Two Men And Two Women
Face Additional Charges
To Prevent Loophole
Escapes

OTTAWA, Ont., March 14.—(INS)—Fourteen new charges were made in police court Wednesday when the two women and two men ac- cused as participants in Russian spy activities made their reappearance before Magistrate Glenn E. Strick.

All the new charges are under the official secrets act but deal with the same set of circumstances as the original charges which they over- lapped.

The purpose of the new charges is to prevent any loophole by legal technicality in the previous charges through which the accused might escape.

Seven-Year Terms
Each offense, however, is punish- able by seven years at hard labor. Four new charges were laid against Mrs. Emma Wolk, two against Miss Kathleen Mary Will- sher, three against E. W. Mazerall and five against Captain Gordon Lunan.

Previous each of the accused faced two charges—one under the official secrets act for securing secret and confidential information with the intent to be beneficial to Rus- sia, and the other for conspiring under the criminal code.

All four prisoners were remanded until next Wednesday.

None of them have as yet elected a plea as to their guilt of innocence although Miss Willsher and Mazer- all have requested that they be tried by jury.

Seek Low Bail
Each of the four was represented by counsel who applied for their release in bail. The attorneys asked that the amount of bail be moderate because of the limited financial means of the accused, all of whom are government employees.

Royden Hughes, counsel for Ma- zerrall, suggested the sum of \$500 be set for the bail of his client.

Crown Counsel Lee Kelley con- tended that if bail is granted it should be in the sum of \$3,000 each in the cases of Mrs. Wolk, Miss Willsher and Mazerall, and between \$6,000 and \$10,000 in the case of Captain Lunan.

Kelley remarked:
"There is some doubt for the safety of the four accused if they are allowed their freedom on bail. They may not be able to appear in court again through no fault of their own because of the valuable information they possess."
"The crown feels public safety is also in jeopardy. We will not know how many more persons will be in- volved in this espionage conspiracy until the royal commission has fin- ished its inquiry."

NICE SPICE

Earl received the decorations Asiatic-Pacific Ribbon, ETO Rib- bon, American Campaign and Vic- tory Medals. He was formerly em- ployed at the Shepango Pottery plant.

Optimist Club To Be Formed In New Castle

Seek To Initiate New Branch Of
Optimist International In
This Community

In acknowledgement of the peti- tion signed by twenty-two of the business and professional men of the city, Ellis E. Donahoe, extension counselor for Optimist Internation- al, has arrived in New Castle to complete arrangements for the or- ganization of a branch club in the community. Mr. Donahoe is mak- ing his headquarters in The Castle- ton hotel.

The local club will be sponsored by the Optimist Club of Sharon, whose president said that the chartering of a branch here will be another link in carrying out the ob- jectives of Optimist International.

Club Objectives
The objectives of the organization are to develop optimism as a philo- sophy of life; to take an active part in good government and civic af- fairs; to work for international ac- cord and friendship among all peo- ples and to aid and encourage the development of youth. The motto of the organization is "Friend of the Boy."

At the first meeting, which is to be held in the near future, Mr. Don- ahoe said that a large number of Optimists from Sharon and neigh- boring clubs will be present.

Every effort, the Counselor said, will be made to make the New Cas- tle club one of the most active branches of the organization.

Since the first Optimist club was formed in Buffalo, New York, in 1911, Optimism has spread through- out the United States and Canada, to Puerto Rico, Mexico and the Ha- waiian Islands. There are clubs in most of the leading cities.

L.W.V. Urges Attendance At Public Forum

Meeting March 15

Due to the widespread interest in business and labor problems at the present time, League of Women Voters members plan to attend and the league has extended an invita- tion to other interested residents of the community to attend the public forum meeting of the Eco- nomic & Business Foundation an- nounced for Monday evening, March 18, at 7:30 p. m. in the Ben Frank- lin Junior High School.

On the subject, "Relationships Between Supervisory Management and Shop Stewards," the forum will be the sixth in a series of public meetings on "Human Problems in Business and Industry."

Speakers will be Joseph B. Pat- ton, personnel director of the Oliver Iron & Steel Corporation, and John W. Graciar, district director of the United Steel Workers of America, CIO.

On Tuesday afternoon at 2 o'clock, a group of league members met for a study group session to discuss world and national problems and current legislation.

Mrs. Alec Samuels led a discus- sion of the UNO, its functioning to date and accomplishments and a number of other current matters were considered.

Next regular meeting of the league will be March 28.

Butler Group Will Appear At Wampum

Rev. George Gould and his staff of "Gospel Gleaners" from Butler will be heard Saturday evening at the Wampum Youth for Christ rally, which will be conducted at 8 o'clock in the First Methodist church of Wampum.

Rev. Gould, who conducts a wide- ly known radio program will bring the message of the hour, while mem- bers of his staff will be heard in several gospel vocal selections.

The Wampum group plans to bring to the meeting Saturday eve- ning, March 30, Rev. Gordon W. Whitney, preacher and artist, of Mt. Pleasant, Pa.

At Ninety-One, Artist Still Paints; Snubs "Surrealism"

By RUTH BRIGHAM
(U. S. Staff Correspondent)
CORAL GABLES, Fla., March 14.—Perhaps the most distasteful thing Dewing Woodward has en- countered in her 91 years—during which she has walked with Monet and once lived in the cottage where Millet's "The Angelus" grew—is modern painting.

Laying aside her ever active paint brush for an interview, Miss Wood- ward said:
"Call it surrealism, call it cubism or what you will, it's only an in- sult to one's intelligence."

"Insane Asylum Staff"
The real-looking artist whose paintings have been shown in many parts of the world says she isn't sure whether that type of "so-called art" is a disordered mind, but points out that it originated in Nazi Ger- many," she added.

"And our insane asylums are full of it, you know."

But the charming lady who doesn't need glasses at 91 and to whom "Whom Who" devotes several paragraphs is too busy with her own art to be concerned with "some- thing that will blow over."

Her landscapes, painted in high key, have a mystic, ethereal quality that tell of her love for beautiful, soft tones—"that's the way I see it."

Works Six Hour Day
And art lovers evidently like her conception of life, for her com- missions continue heavy and she still paints six hours a day. Except when she's packing to move into the new house she recently built.

But if her landscapes are famous, it is a portrait—her first—that is her most treasured art. It is of her father, John Vanderbilt Woodward.

Color is the property of light rays which cause visual action on the retina of the eye.
